25 July 2025

Dear Lynne,

Godrergraig Primary School

Thank you for your letter dated the 30th June and your confirmation of support for the pupils of Godrergraig Primary School.

Are you able to confirm what progress your team has made with Neath Port Talbot Local Authority? I ask because after all this time it is vitally important that this project is given the priority it deserves.

It has recently come to my attention that considerable investment into a new primary school building for Llangatwg Community School has been announced. You will appreciate that this announcement has astounded many in my constituency given the apparent lack of action in securing a new permanent school building for Godrergraig Primary School.

I await hearing from you further.

Yours sincerely

David
