Dear

Complaint in respect of ATISN 25149 - Gaerwen Wind Farm

You requested the following information on 16/09/25:

Any correspondence relating to Gaerwen Wind Farm:

- 1. Between Welsh Ministers and RWE*
- 2. Between Welsh Ministers and Renewable UK - Cymru*
- 3. Briefing notes to Welsh Ministers*
- 4. Between Welsh Ministers and PEDW*
- 5. Between Welsh Ministers and DCFW*

Our response was:

*The information you requested is in the public domain and is available here,
Reference: CAS-01314-Q0W6V6.*

You have since raised a complaint that:

- (a) you did not receive a direct response to your request, and
- (b) the response did not cover the information requested.

I have considered your complaint in accordance with the procedure outlined in the [Welsh Government's Practical Guide for Making Requests for Information](#) which is available by post on request or via the internet.

Following my review, I have concluded the following:

- (a) With respect to not receiving a direct response, I have confirmed that a response to your request was sent to the email address you provided on 7 October 2025, with the requested information attached as a PDF.
- (b) With respect to coverage of the information requested, I have reviewed both the information already published and conducted an internal search of our electronic records. I did not identify any additional documents that would fall within the scope of your request.

In light of your specific comments on Garn Fach, I also reviewed the material released under a separate FOI request (ATISN 23303: The Impact of Renewable Energy on Peat Resources). While Gaerwen Farm is mentioned in that material, the documents were released under that FOI and are already publicly available.

If you remain dissatisfied with this response you have the right to complain to the Information Commissioner. The Information Commissioner can be contacted at:

Yours sincerely
