Hi [REDACTED]

I attach a map highlighting 4 major housing applications validated since 1st September 2022. You will see that one has recently been validated and is under consideration. There is also a site to the north off Bedwellty Road – however the outline application may have already been picked up during the last Inspectors Report. There are two other applications a little further away.

There are also some minor applications involving one or two new dwellings but I did not think the impact would be enough to justify an impact on the grasslands.

Please let me know if there is anything else you require, happy to help.

Thanks
