Dear

Complaint in respect of ATISN 26461- Prince of Wales correspondence

Thank you for your email of 14 January. You requested an internal review into the handling of the request.

Your original request asked for:

Correspondence and communication between the Prince of Wales and the Rt Hon Eluned Morgan MS between 5 December 2024 and the present day, which mentions or relates to:

- Housing provision within Wales and the need to build more sustainable housing.
- Sustainable development in Wales.
- Farming and or agriculture and or food production in Wales.
- The state of Wales's waterways and rivers and or lakes.
- Pollution in Wales.
- The impact of climate change in Wales and the best way of tackling climate change.
- Wales's woodland and forests and or the issue of deforestation in Wales.

Our response

Our reply indicated we do not hold the information requested, and you have challenged that view, saying:

I think it's highly likely that the organisation does hold information relevant to the request.

I have therefore conducted this review. I completed my review by:

1. Reviewing the teams who were contacted in the initial request.
2. Conducting my own thorough search through the Welsh Government filing system.
3. Contacting teams who were not originally contacted in the initial request.

I found that:

1. In the initial request, all teams who have the policy lead for the subject areas flagged in your request were contacted. All the correct teams were contacted during completion of the initial request. I have reviewed their responses, and all have confirmed they do not hold the data requested.
2. No correspondence which mentions or relates to your request was found on the Welsh Government filing system.

3. As part of my review I contacted the Welsh Government's central communications team, the office of the First Minister and the office of the Deputy First Minister Cabinet Secretary for Climate Change and Rural Affairs. The reason these teams were not contacted during the initial request is because Welsh Government protocol is that any correspondence regarding or with reference to specific subject areas is shared with the policy leads. The wider teams contacted during my review confirmed that they do not hold the information requested.

Outcome

Following completion of my review, I uphold the original request. We do not hold the information you requested.

I have considered your complaint in accordance with the procedure outlined in the Welsh Government's Practical Guide for Making Requests for Information which is available by post on request or via the internet at: [Requesting information from the Welsh Government \[HTML\] | GOV.WALES](https://gov.wales/Requesting-information-from-the-Welsh-Government)
