

Dear

**ATISN 26610**

**Information requested**

Thank you for your request which I received on 22 January 2026, in relation to mobile phone use in schools. You asked for information on:

1. How many schools in Wales operate a 'no phone' policy and have introduced the 'Yondr' phone locking system?
2. How much does introducing the 'Yondr' phone pouch locking system cost? This information as a breakdown to the pouch costs, locking mechanism and total cost.
3. Who pays for the 'Yondr' system?

On another topic regarding schools across Wales, you ask for information on:

4. How many schools have a 'lockdown policy'? (The latest information as of January 2026)
5. How many schools have practiced this policy?
6. How many schools (primary and secondary) had a lockdown policy before April 2024?

**Our response**

Following a search of our paper and electronic records, I have established that the information you require is not held by the Welsh Government.

In response to question 3, above. If a school chose to adopt the Yondr system, they would need fund that provision though their individual budget. However, if this approach was mandated by the local authority, it is likely that funding implications would need to be considered at that level.
