Dear [Regulation 13 Personal Data],

Thanks for your email. The proposed statutory boundary is attached. As you will see, it includes additional areas to the east of the lane although the walled garden already forms part of the registered area (it's not marked on your Archwilio map but it is within the registered garden area). I've attached the non-statutory boundary too so you can compare the two.

I hope to meet [Regulation 13 Personal Data] at Buckland sometime in the future, but with the current situation all site visits are off. In the meantime if there is anything I can help with please let me know (via email or my mobile please as we are working from home).

All the best
