Mid Wales Safety Schemes - Pontybat (Powys)

Criteria		TPO1 Improve safety on the network for all users	TPO2 Reduce driver stress / frustration	TPO3 Support modal shift to active modes (walking and cycling) for shorter journeys and public or third sector transport for longer journeys	TPO4 Improve connectivity between mid-Wales communities	TPO5 Protect and enhance biodiversity and ecosystem resilience	TPO6 Reduce greenhouse gas emissions through smarter design, construction, operation and maintenance of the road network, including support to Electric Vehicle (EV) charging	TPO7 Encourage and support key economic sectors of the Mid Wales economy, such as tourism, by improving links to work, leisure and education	TPO8 Create a more resilient strategic road network, including managing the impact of climate change by future proofing infrastructure	TPO9 Improve journey time reliability for longer journeys on the strategic road network
