

**ATISN 26680**

17 February 2026

Dear

Thank you for your request which I received on **8 February 2026**.

You asked for:

Copies of risk assessments covering the whole school yard, including enclosed areas, classrooms and hallways frequented by pupils, together with summaries of provisions to address highlighted risks. You specified that the information should relate to the period from the 2022/2023 academic year to the present day.

### **Our response**

Following a search of our paper and electronic records, I have established that the Welsh Government does not hold the information you have requested.

Responsibility for maintaining risk assessments relating to school premises, including school yards, classrooms, halls and other areas used by pupils, rests with the school and its governing body, or with the local authority as the employer and premises owner.

Operational matters, including the creation, maintenance and retention of health and safety risk assessments and the implementation of mitigating actions, are the responsibility of the school and/or the local authority and fall outside the functions of the Welsh Government.

As a result, the Welsh Government does not hold copies of risk assessments, nor summaries of actions taken to address risks, for Ysgol Cymerau, Pwllheli.

You may wish to contact Cyngor Gwynedd or the school directly, as they are more likely to hold the information you are seeking.
