Important Points

You should use this booklet to claim for Basic Payment Scheme (BPS), Other Schemes and Rural Development Woodland Schemes.

If you are not intending on claiming for Basic Payment Scheme (BPS) 2026, please refer to ['2026 Single Application Form \(SAF\) Online How to Complete Guide for Sustainable Farming Scheme \(SFS\) - Universal Layer, Woodland Schemes and Organic'](#)

Introduction

This guide explains how to complete your 2026 Single Application Form (SAF) for land in Wales that is under your management control.

Before you complete your SAF, you should read:

- this guide
- the ['2026 Single Application Rules Booklet'](#), published in March 2026
- the latest ['Cross Compliance Farmers Factsheets'](#).

The SAF was developed in close collaboration with farmers, farming agents and farming unions, and includes many tools to make completion of your application easy and quick. The SAF offers easy to use question-specific help and some auto-validation to avoid predictable or inconsistent entry errors. It also provides easy to use online Sketch Maps with measuring tools to help with declaring Permanent Features and crop code changes.

If you are not an existing RPW Online customer, you can register by following the [RPW Online: how to register](#) instructions. If you are encountering problems or are unable to access your online account, please contact the Customer Contact Centre on 0300 062 5004.

The Customer Contact Centre opening window are as follows:

- 2 March to 15 May 2026 (excluding Bank Holidays):
Monday to Friday: 09:00 to 16:00

Advice when completing the SAF

If you need additional help completing your SAF, contact the Customer Contact Centre on the number above. They will be able to discuss further support available.

Staff can explain how the application should be completed, however they cannot be held responsible for what you do or do not claim - this is your responsibility. You may also wish to seek professional advice before submitting your SAF.

Deadline for submitting the SAF

The Welsh Government must receive your completed SAF no later than midnight on Thursday 15 May 2026. Applications received from 16 May 2026 up to and including 9 June 2026 will incur financial penalties. Applications and claims received after 9 June 2026 cannot be accepted.

All Supporting Documents for BPS must be received by 31 December 2026. No payment (including BPS Advance Payment) will be made until evidence you are carrying out an agricultural activity in 2026 has been received. If no evidence is submitted by 31 December 2026 your claim will be rejected.

The supporting documents which are required for Other Schemes – Organic Support (OS) and Organic Conversion Scheme (OCS) including to demonstrate you are carrying out Agricultural Activity, are subject to the 31 December 2026 deadline. If supporting documents are not received by this date your claim will be rejected.

For Organic support if you need to submit evidence to demonstrate agricultural activity for BPS or if you have not claimed BPS, you will need to submit evidence by 31 December 2026 to prove you are **a primary producer of agricultural products**. If no evidence is submitted by 31 December 2026, your claim will be rejected.

You must ensure all supporting documentation for the **Organic Conversion Scheme** is received by the Welsh Government by 31 December 2026 to meet the scheme requirements.

Please refer to the '2026 Single Application Rules Booklet' for details regarding penalties and reductions for late submission of the SAF and supporting documentation.

Pre-population

The following information will be populated for you on your SAF:

SAF Section	Populated Information
Claims	<p>Claim ticks for Organic Conversion Scheme - starting from 1 January 2026, RD Woodland Creation Schemes and Woodland Creation Maintenance and Woodland Creation Premium where our records show you hold a Contract and/or Grant Award.</p> <p>Please note: Claim ticks will not be pre-populated for Organic Support. If you wish to claim payment, you must tick the Organic Support claim tick in the Claims Section.</p> <p>When you start your SAF, you can choose to include claim ticks for BPS 2026. These will only be populated where you have received a payment for BPS 2025.</p>

SAF Section	Populated Information
	<p>Please note: If the BPS 2026 claim ticks are not pre-populated, and you wish to claim payment, you must ensure you enter the BPS 2026 tick in the Claims Section.</p>
BPS Entitlements	<p>The entitlements you hold according to our records. This will not include transfers that have not yet been processed.</p>
Business Organisation	<p>The number of individuals in the business as currently held in our records.</p>
Cross Compliance	<p>When you start your SAF, you can choose to populate this section with the same answers you provided in 2025.</p>
Common Land	<p>The common land grazing rights you declared in the previous year.</p> <p>When you start your SAF, you can choose to include claim ticks for BPS 2026. These will only be populated where you have received a payment for BPS 2025.</p> <p>Please note: If the BPS 2026 claim ticks are not pre-populated, and you wish to claim payment, you must ensure you enter the BPS 2026 tick for all common land entries you wish to support payment.</p>
Field Data	<p>Fields which our records show are under your management on 15 May 2026. Where possible this will include crops, mapped permanent features and areas.</p> <p>Claim ticks for Organic Conversion Scheme - starting from 1 January 2026, RD Woodland Creation Schemes and Woodland Creation Maintenance and Woodland Creation Premium where our records show you hold a Contract and/or Grant Award.</p> <p>Please Note: Claim ticks will not be pre-populated Organic Support. If you wish to claim this payment, you will need to add a claim tick in the Organic Support (OS) claim box on the Field Data Section on all eligible parcels you wish to claim payment on.</p> <p>When you start your SAF, you can choose to include claim ticks on eligible crops for BPS 2026. These will only be populated where you have received a payment for BPS 2025.</p> <p>Please note: If the BPS 2026 claim ticks are not pre-populated, and you wish to claim payment, you must ensure you enter the BPS 2026 tick for all eligible crops on all fields you wish to support payment.</p>

As far as possible your SAF will be pre-populated with Field information, including Permanent Features. This will depend on whether we have validated your declaration in the previous year or carried out a mapping assessment on the field. The table below details what information we may pre-populate.

Supporting Documentation

The Supporting Documents which are required for BPS are subject to the 31 December 2026 deadline.

The supporting document which are required for Other Schemes – Organic Support (OS) and Organic Conversion Scheme (OCS including to demonstrate you are carrying out Agricultural Activity will need to be submitted by 31 December 2026. If no evidence is submitted by 31 December 2026 your claim will be rejected.

For Organic support if you need to submit evidence to demonstrate agricultural activity for BPS or if you have not claimed BPS, you will need to submit evidence by 31 December 2026 to prove you are a **primary producer of agricultural products**. If no evidence is submitted by 31 December 2026, you claim will be rejected.

You must ensure all supporting documentation for the **Organic Conversion Scheme** is received by the Welsh Government by 31 December 2026 in order to meet the scheme requirements.

Supporting documentation that is required:

BPS, Organic Support and Organic Conversion Scheme – Agricultural Activity	
If you do not declare livestock details in the Stocking Levels section and do not declare Arable or Permanent crops in the Field Data Section, you must provide evidence of carrying out agricultural production.	Evidence the business is carrying out agricultural production. This may include suitable: <ul style="list-style-type: none"> • Flock or herd records • Arable crop / grass seed receipts • Milk recording records • Sales receipts • Veterinary evidence • Agronomist reports

Sketch Maps

The SAF may prompt for an electronic sketch map to be completed where:

- two distinct crop codes have pre-populated where one of the crop codes is either BW1, CW1, GC2B, GC3B, GR9B, GS1B, GS2B, HE6B, RE3B or SC2B and if the area declared for one of these crop codes is different to the area pre-populated. For example GR2 & SC2B have been declared but the area declared for SC2B has been changed from the area pre-populated
- the crops are ineligible for certain schemes, e.g. part of the parcel contains SC2 – Streamside Corridor – not eligible for BPS and the remainder contains GR2 – Permanent Grassland (eligible for BPS)
- there has been a change to an existing pond eligible for BPS (PD1) or you are declaring a new pond eligible for BPS in a parcel
- there has been a change to an existing Permanent Feature or you are declaring a new Permanent Feature in a parcel, as below:

ZZ10 – Woodland – coniferous – group

- YY14 – Woodland – coniferous – scattered (trees > 100/Ha)
- ZZ11 – Woodland – broadleaf – group
- YY15 – Woodland – broadleaf – scattered (trees > 100/Ha)
- YY16 – Woodland – trunks and stumps
- ZZ20 – Bracken – group
- YY21 – Bracken – scattered
- ZZ22 – Scrub/gorse/briar – group
- YY23 – Scrub/gorse/briar – scattered
- ZZ40 – Scree/rock outcrops/boulders sand group
- YY41 – Scree/rock outcrops/boulders/sand – scattered
- ZZ30 – Ponds – ineligible
- ZZ31 – Rivers and streams
- TR2 – Stock excluded – woodland – coniferous (including Christmas trees)
- WS1 – Stock excluded – woodland – broadleaf
- NO1 – Non-agricultural activities
- ZZ89 – Buildings/yards
- ZZ92 – Hard standings
- ZZ94 – Roads
- ZZ97 – Tracks – ungrazed

Under some circumstances, land parcels that have been subject to 2025 Land Inspection cases may ask for a sketch map to be completed. If the land declaration matches the 2025 Land Inspection and no changes have been made to the parcel since the inspection was carried out, you can enter a tick in the 'Change due to inspection' box on the land parcel in the Field Data section. By ticking this box, you will not be required to submit a sketch map for the parcel. We will use the 2025 Inspection details. If anything has changed on the parcel since the inspection was carried out i.e. any changes made to permanent features, etc. then you will need to provide a sketch map and the 'Change due to inspection' box should not be ticked.

If there have been any boundary changes since the inspection was carried out, a Manage My Land submission will need to be completed. This can be done by using your RPW Online account, if you have not already done so.

Cross Border Customers

All customers who have land in Wales must complete and submit a Welsh SAF.

All the land you farm in the UK is no longer covered by one BPS application. If you farm Welsh land and hold Welsh BPS Entitlements you should continue to make a claim on the Welsh SAF.

If you have less than 5 hectares of eligible agricultural land in Wales but are a Cross Border farmer who relied on land in Wales and land outside Wales to meet the minimum 5 hectare claim size rule in 2020 you will remain eligible for 2026. However, Rural Payments Wales will only pay BPS on Welsh land claimed using Welsh BPS Entitlements.

Do not include land that is in another UK country e.g. England, on your Welsh application. Such land must be declared on the application form for the other UK country.

Field Maintenance and Land Transfers

You must inform the Welsh Government of changes to land parcels and any land transfers within 30 days of the change(s) taking place. Please complete a '**Manage My Land**' submission, using your RPW Online account, to notify us of any changes to ownership or tenures of land. '**Manage My Land**' must also be used to register new land, notify us of changes to permanent features and inform us of field boundary changes.

You will also need to supply proof of ownership or right of occupation when registering or transferring in new land.

If you own the land you are registering you must submit the following;

- **Title Deeds or**
- **Copy of Register of Title.**

These documents **must** include the associated map.

If you are the tenant or grazier of the land you must submit either a letter from the owner confirming they have authorised the use of the specific land by you for agricultural purposes, including dates, or a tenancy agreement signed by both parties. Any other evidence will not be considered appropriate and will be rejected.

Buildings and yard areas may only be split if an obstructing boundary is in place and both areas have a separate access route. If there is no obstructing boundary and separate access route you must not split the existing land parcel.

Section 1 – Getting Started

RPW Online Homepage

You can access your RPW online Account by using the Government Gateway or One Login GOV.UK.

You may need to follow the [Login and Registration](#) instructions if you have not logged in for some time. If you are not an existing RPW Online customer you can register by following the [RPW Online: how to register](#) instructions. If you are encountering problems or are unable to access your online account, please contact the Customer Contact Centre on 0300 062 5004.

The screenshot shows the RPW Online homepage with a green header. The header includes the Welsh Government logo, the text 'RPW Ar-Lein Online Rural Payments Wales', and the word 'Cymraeg' in the top right corner. The main heading is 'We are changing the way you sign in to RPW Online'. Below this, a paragraph states: 'RPW Online sign in details are changing to use GOV.UK One Login. From January 2026, you will no longer be able to sign in to RPW Online through Government Gateway.' This is followed by two sections: 'You will need to continue to use Government Gateway if:' with three bullet points, and 'You will need to use GOV.UK One Login if:' with three bullet points. A 'Select a way to sign in' section has two radio button options: 'Sign in using Government Gateway' and 'Sign in or register using GOV.UK One Login'. A blue 'Continue' button is positioned below these options. The page then contains three FAQ-style sections: 'What Is GOV.UK One Login?', 'What changes will happen to RPW Online?', and 'How do I start using GOV.UK One Login with RPW Online?'. Each section has a short introductory paragraph.

We are changing the way you sign in to RPW Online

RPW Online sign in details are changing to use GOV.UK One Login. From January 2026, you will no longer be able to sign in to RPW Online through Government Gateway.

You will need to continue to use Government Gateway if:

- you have not accessed your account (CRN) using GOV.UK One Login before and do not have an email invitation to migrate to GOV.UK One Login
- you have an invitation to migrate your account (CRN) to GOV.UK One Login but do not wish to migrate today
- you are a Government Gateway Administrator and wish to migrate your CRN to GOV.UK One Login today

You will need to use GOV.UK One Login if:

- you have an invitation to join a business online
- you have accessed the CRN you are logging into with GOV.UK One Login before
- you haven't used RPW Online before

What Is GOV.UK One Login?

GOV.UK One Login will be the new way for you to sign in to all central government services. It will allow you to easily access all the services you use with GOV.UK One Login in one place, using the same email address and password.

What changes will happen to RPW Online?

You will be able to use your GOV.UK One Login account to access all of the businesses you can act on behalf of. After registering or joining a business online you will be able to select the business you want to use when signing in.

How do I start using GOV.UK One Login with RPW Online?

First you should register for an account with GOV.UK One Login. You will need to provide the email address you used to create your GOV.UK One Login account to the Government Gateway group administrator for your RPW Online account.

The group administrator is the person who adds and manages members of a team on Government Gateway. This may be the main contact for the business or the person who manages your RPW Online account. If you are the only person with access to your Government Gateway ID, you are likely to be the administrator.

The group administrator can invite themselves to the RPW Online account and then use GOV.UK One Login to sign in. They can then invite others to use the account as well as using their GOV.UK One Login email address.

Once logged into your online account the RPW Online 'Home' page will appear as shown in the below screenshot. (Agents or Farming Unions acting on customer's behalf will see this once they have selected the customer from their customer selection screen.)

When you click the Start button the 'Populating Information on your SAF' screen will appear as showing on the below screenshot.

Populating Information on your SAF

Your SAF will be pre-populated with the following information **based on the information we hold**:

- Business Details
- Other Schemes – Organic Conversion Scheme (grant award starting from 1 January 2026) claim ticks in the Claims and Field Data Sections
- Other Schemes - If you hold a contract and/or grant award letter for Woodland Creation Grant and/or Small Grants - Woodland Creation, eligible land for Woodland Maintenance and/or Woodland Premium will have the claim ticks in the Claims and the Field Data sections
- Rural Development Woodland Creation Contract claim ticks in the Claims and Field Data sections
- BPS Entitlements
- Common Land Rights
- Field Data

You can also choose for **BPS claim ticks** in the Claims, Common Land rights and Field Data sections, and **Cross Compliance responses** to be pre-populated based on the information we hold.

You are still able to amend pre-populated information and whichever option you select, **you are still responsible for checking your whole application and ensuring it is accurate, complete, and reflects any changes for 2026.**

Do you wish to pre-populate BPS claim ticks and Cross Compliance responses?

Read this carefully and then click either 'Yes' or 'No'. **Please remember, whichever option you select, you are still responsible for checking your whole application and ensuring it is accurate, complete, and reflects any changes for 2026.**

You may choose to exit the SAF and return to it later at any time (within the deadlines). If you have previously started your SAF and exited before submission, these screens will now show 'Continue Application' instead of 'Start Application' as shown on the below screenshot.

Introduction

This section provides key messages about the SAF as shown on the below screenshot. Please ensure you have read them thoroughly before you begin.

There are also links to the SAF Rules Booklet and How to Complete guide on the Welsh Government website (these will open a new tab on your Internet Browser). The How to Complete guide can be accessed at any time by clicking 'Help Guide'.

The screenshot displays the 'Single Application Form (SAF) 2026' introduction page. The left-hand menu is visible, with 'Introduction' selected. The main content area includes the following text:

You must use the SAF 2026 to claim for payment for Basic Payment Scheme (BPS). You must use the SAF 2026 if you wish to claim for payment for the Other Schemes - Organic Conversion Scheme (OCS), Organic Support (OS), Woodland Creation Maintenance (WCM) and Woodland Creation Premium (WCP) following new planting completed in the Woodland Creation Grant (WCG) or Small Grants - Woodland Creation scheme (SGWC). You must also use the SAF 2026 to claim for Rural Development (RD) Woodland Creation Schemes - Glastir Woodland Creation Premium (GWCP and GCP) and Glastir Woodland Creation Maintenance (GCM).

You should read the [2026 Single Application Form \(SAF\) Online How to Complete Guide](#) as well as the [2026 Single Application Rules Booklet](#) before beginning your application.

The Welsh Government is **not responsible** for the accuracy of any of the information provided in support of an application for BPS, Other Schemes or RD Woodland Creation Schemes.

- It is **your responsibility** to ensure that all details entered and submitted on your SAF 2026 are true, accurate and complete, and that all of the questions have been fully answered.
- Your SAF application will be pre-populated with as much information as possible based on the information we hold. However, you must include **any changes for 2026** on your SAF 2026 and make sure that you claim for **all the schemes and areas** that you intend to.
- You must check all Field Data information is correct and matches what is on the ground.** Please note that where you have submitted an appeal against an over declaration and a definitive decision has not yet been made you will need to **carefully consider the field area you declare**. Claims will be capped to the area declared, but if we find the area you have declared is larger than the area we hold then **your claim will be reduced and penalties may be applied**.
- It is **your responsibility** to check all land parcels are eligible to claim your annual area payments. **You are strongly advised to review your application to ensure that all parcels you intend to claim have been ticked, where applicable.**
- The legislation provides that penalties may be applied if the details that you provide on your SAF 2026 are found to be inaccurate.
- Your SAF must include all land in **Wales** that you own and rent in with management control, and is available to you on **15 May 2026**. You must not include land that you rent out and is not at your disposal.
- You must ensure all supporting documentation for the BPS, and/or OS is received by the Welsh Government by **31 December 2026** in order to support your application.
- You must ensure all supporting documentation for the Organic Conversion Scheme is received by the Welsh Government by **31 December 2026** in order to meet scheme requirements.
- You must ensure your SAF 2026 is received by the Welsh Government by **15 May 2026** in order to avoid late submission penalties.
- Applications received after 9 June 2026 will be rejected.**
- All payments will be made direct to your Bank Account (Sterling). Please ensure that your Bank Account details, held by the Welsh Government, are correct and up to date.

The information you provide will be used by the Welsh Government to process your SAF. We will also be the data controller for the personal data you provide. It is necessary for us to collect this information in order for us to process your SAF. We may also make use of the information supplied for other purposes, which will include those connected with our functions and duties under the Basic Payment Scheme, Other Schemes and RD Woodland Creation Schemes. Failure to provide all the required information may result in us being unable to process your SAF.

As part of our processing of your SAF we may need to share the information with other governmental and regulatory bodies. We will also publish some information as required by law.

You have the right:

- to access the personal data we are processing about you
- to require us to rectify inaccuracies in that data
- to object to or restrict processing (in certain circumstances)
- for your data to be 'erased' (in certain circumstances)

The left hand menu may not display if you are using a device with a small screen. You should be able to view the menu by reducing the zoom on your device, but you can alternatively complete the SAF without viewing the left hand menu.

The left hand menu shows the current status of each section of the SAF:

- a red cross indicates the section either has not yet been viewed or contains errors. The SAF cannot be submitted until all sections have been completed and any errors corrected
- a green tick indicates the section has been completed and does not contain any errors or information messages we know of. (The online SAF only undertakes certain validation, and the SAF will be subject to full validation once submitted. We can only therefore say it appears to have no errors that we know of based on the details you have provided.)
- an amber 'i' indicates the section contains information messages. These will not prevent you from submitting the SAF.

You may also change the language display between English and Welsh at the bottom of the left hand menu.

Once you have read and understood the SAF Rules Booklet, click 'Next' in the top or bottom right hand corners to proceed to the 'Claims and Entitlements' section.

You must complete each section of the SAF before submission. Clicking 'Next' will automatically save the section you have just completed. You can click the 'Exit' button at any time if you wish to continue completing your SAF at a later date. **Remember – it is your responsibility to ensure your SAF is submitted by the deadline, and to check it is appearing in your RPW Online Messages as confirmation we have received it.**

There are basic data integrity checks built into the SAF and any errors or information messages will appear once you either 'Save' a section or click 'Next' to proceed to the next section. Once you have completed a section you can return to it to correct errors or make amendments. You may also choose to 'Print' the SAF or 'View Map' at any time.

If you answer 'Yes' to either:

- Does the business carry out the production, rearing or growing of agricultural products?

or

- Does the business maintain the holding in a condition suitable for grazing or cultivation?

and you are not declaring any animals or arable / permanent crops, extra questions will be displayed for you to answer as shown in the below screenshot.

Does the business carry out the production, rearing or growing of agricultural products? * Yes No

Does the business produce and sell hay, haylage or silage from the farm? * Yes No

Does the business have animals on tack during the year or off farm for winter grazing? * Yes No

Does the business maintain the holding in a condition suitable for grazing or cultivation? * Yes No

Does the business control non-native invasive weeds, such as common ragwort, dock and curled dock, and scrub on the land? * Yes No

(This includes the use of pesticides as well as maintaining the land in a condition suitable for agriculture by normal methods, such as topping, harrowing, rolling, etc.)

Does the business ensure that the land has stock proof boundaries and a water source for livestock? * Yes No

Please note: these questions will only appear after you have finished completing other sections as the need for them to be completed is dependent on how you answer the other sections.

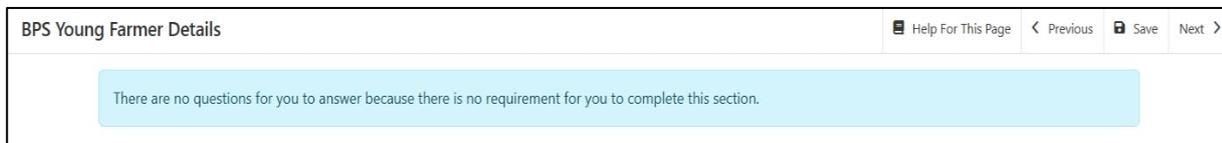

If you have land that is naturally kept suitable for grazing or cultivation (i.e. sand dunes or saltmarshes), you must answer the additional questions which display as shown in the below screenshot, in relation to this land. In Wales, these are areas that naturally remain productive land suitable for farming activities without the need for any farming activity to take place on them. (If any of these areas have been identified on the field parcels pre-populated on your SAF the area will be shown within the 'Field Data Details' section.) If your answer to either the Livestock Units or invasive weeds questions are 'Yes', you must provide evidence that these conditions are being met.

Cross Compliance

You must answer all questions in this section as shown on the below screenshot, to reflect your current or proposed farming activity from 1 January 2026 to 31 December 2026.

The screenshot shows a web-based questionnaire titled "Cross Compliance". At the top right, there are navigation buttons: "< Previous", "Save", and "Next >". Below the title, there are two light blue informational boxes. The first says, "You must notify the Welsh Government if any of the answers to these questions change after submission." The second says, "All items marked with * must be entered." Below these is a bold instruction: "Answer 'Yes' or 'No' to the statements below to reflect your current or proposed farming activity from 1 January 2026 to 31 December 2026. For further information please refer to guidance on [Cross Compliance](#)." The main content consists of ten questions, each with a "Yes" and "No" radio button option. The questions are: 1. "I have used or intend to use plant protection products such as pesticides, herbicides, insecticides, fungicides (including seed dressings), molluscicides or plant growth regulators on my land. *" 2. "I burn heather and / or grass. *" 3. "I have stubble of a harvested crop, or land sown with a temporary cover crop over the winter period. *" 4. "I 'out' winter cattle or pigs or horses on my land. *" 5. "I dip and / or shower sheep. *" 6. "I sell packaged produce directly off my farm. *" 7. "I produce and sell animal feed from my farm (excluding hay and silage). *" 8. "I abstract water for irrigation purposes. *" 9. "I have a slurry store on my farm which I use *" 10. "I make and store clamp / pit silage on my farm *" 11. "I import slurry, farmyard manure, chicken manure or other organic manures from other producers *" At the bottom left, there is an "Exit" button with a small upward-pointing triangle icon. At the bottom right, there are navigation buttons: "< Previous", "Save", "View Map", and "Next >".

You must also notify the Welsh Government if any of the answers you provide change after your SAF has been submitted.

All customers submitting a SAF are bound by the Cross Compliance rules. Cross Compliance applies to all agricultural land within an agricultural business. You must therefore maintain your land in Good Agricultural and Environmental Condition and comply with a number of Statutory Management Requirements. From 2021, the Environmentally Sensitive Permanent Grass (ESPG) has been moved into Cross Compliance. If you require further information, you can access this by clicking the 'Cross Compliance' link.

Please Note: This question 'I have a slurry store on my farm which I use' refers to slurry stores in use. This does not include farmyard manure storage areas.

Please Note: A new question 'I import slurry, farmyard manure, chicken manure or other organic manures from other producers' has been added for 2026. If you have chosen to populate the Cross Compliance questions with the same answers you provided in 2025, this question will not be pre-populated. You will need to answer this question.

Common Land Rights

Common Land Rights – Grazing

If you have no common land grazing rights, you will have nothing to complete in this sub-section and should click 'Next' to proceed to the next sub-section.

Please note: Habitat Wales Scheme – Commons is not claimed on the SAF 2026. A separate claim form is available via RPW Online for Grazing Associations to claim for the Habitat Wales Scheme – Commons.

If you declared common land grazing rights on your 2025 SAF, these will be pre-populated as shown on the below screenshot. You must check these to make sure they are still correct. If the Status of your pre-populated rights has changed, you must amend this. If any of the other aspects of your pre-populated rights have changed, or you no longer have the authority to use these rights, you must remove the pre-populated row and, if applicable, add a new row with the new details, by clicking the '+Add Rights' button. (If you remove a row in error, click 'Restore' to cancel the removal.)

Common Land Rights - Grazing

Select the common land on which you wish to claim. **WARNING:** The allocation of forage area to common land rights may vary from year to year.

+ Add Rights

Registered County Name	CL Number	Entry Number	Animal Type	Number of Rights	Status	Claim BPS	
██████	████	████	Sheep	798	Owned Rights	<input type="checkbox"/>	<input type="button" value="Remove"/>

██████	████	████	Sheep	52	Owned Rights	<input type="checkbox"/>	<input type="button" value="Remove"/>

If you have new common land grazing rights, you must add these to the blank row displayed, or if no blank row is displayed, by clicking '+Add Rights'.

If you are unsure about any of the commons information you are required to provide, you should contact the appropriate Local Authority who are responsible for maintaining the 'Common Land Registers'.

The 'CL Number' drop down list varies depending on the selected 'Registered County Name'. It displays all CL Numbers we are aware of for each County Name. If you have a CL Number which is not shown, and you are certain the Registered County Name and CL Number are correct, you may add the CL Number. An Information Message 'We have no record of this CL Number for this County. Please check all entries on this line are correct before proceeding.' will display as shown on the below screenshot as a prompt in case you have mistyped the CL Number.

• We have no record of this CL Number for this County. Please check all entries on this line are correct before proceeding.

Important: You must ensure you have ticked the 'Claim BPS' box for any common land grazing rights you wish to claim BPS for. If you remove common land grazing rights, do not add rights you have which are not pre-populated, or fail to tick the 'Claim BPS' box(es), it will be taken that you do not wish to claim for your common land this scheme year.

Important: the allocation of forage area to common land rights may vary from year to year. It is your responsibility to ensure you have sufficient land to cover your BPS Entitlements.

Common Land Rights – Other

If you have no rights to graze common land other than by registered grazing rights, this is the only question you need to answer in this sub-section as shown on the below screenshot.

Field Data

Introduction

It is important you carefully follow this guidance for completing this section of the SAF and refer to the '*2026 Single Application Rules Booklet*'.

You should check to ensure any changes resulting from a land inspection undertaken during 2025 have been made to your SAF, details will have been provided to you on the IACS 7a.

You should also ensure you amend your SAF to include any appeal response you may have received.

Pre-populated details

As far as possible your SAF will be pre-populated with Field information, including Permanent Features. This will depend on whether we have validated your declaration in the previous year or carried out a mapping assessment on the field.

Do not amend the details just to reflect what you declared in 2025 as this information may have been updated when your SAF 2025 was processed, or as a result of a mapping update.

SFS Data Confirmation 2025 identified areas of 0.01ha or above where a deduction for trees / woodland had not been notified as a permanent feature. You are advised to check all trees / woodland of 0.01ha or above on your holding have been declared and if not make the necessary adjustments on your SAF 2026 declaration.

It is your responsibility to ensure all the details you declare in this section are accurate and reflect the true position of all the land that is under your management control on the **15 May 2026**. Land is 'under your management control' if you:

- are the owner occupier
- are a tenant who has 'exclusive occupation' under either the Agricultural Tenancies Act 1995 with a Farm Business Tenancy, or a full Agricultural Holdings Act 1986 tenancy
- are a tenant with an unwritten tenancy with the same level of control as the above
- have allowed a licensee on to your land under a license arrangement that is specifically for grazing, cropping or taking hay/silage over a specified and limited period of time within the year, but you have retained Management Control of the land.

You should not declare land you own but have rented out (as this is not under your management control and should be declared only by the farmer renting it in).

New land details

All land under your management control on the 15 May 2026 which is not listed must be added. This could, for example, include newly acquired land or any forestry / tracks not previously declared on the SAF. Failure to declare all the land under your management control could result in a financial penalty.

Changes to land

You must complete a '*Manage My Land*' submission, using your RPW Online account, where the land is not IACS registered, where there has been a boundary change, a split or merger of fields, or the removal of a Permanent Feature. You must inform the Welsh Government of changes to fields and any land transfers within 30 days of the change(s) taking place.

You may add new or amend Permanent Features on the SAF where you can indicate the date of change, and where the date of change is within 30 days of the date you submit the SAF a 'Manage My Land' submission will not be required.

If you have taken over land, the previous occupier should be able to tell you whether the land has been previously registered with the Welsh Government.

Important: Remove field parcels where:

- rented land has been given up
- land has been sold
- land is rented out by you on an Agricultural Holdings Act 1986 tenancy, Farm Business Tenancy or Unwritten Tenancy
- land parcel details have changed by being amalgamated or divided
- you have incorrectly entered land parcel details.

Cross-Border customers

Only Welsh land will be pre-populated in this section. Details for fields in other UK countries should be entered by you on the appropriate application for that UK country.

This button shown in the below screenshot will return you to the 'Field Data List' section.

This screenshot shows a close-up of the navigation bar with the 'Back to List' button highlighted by a black box.

Remove Field

This button shown in the first screenshot below should be used to remove this parcel from your declaration. A Field Parcel which has been removed can be re-instated by using the 'Restore Field' button shown in the second screenshot below.

This screenshot shows the navigation bar with the 'Remove Field' button highlighted.

This screenshot shows the navigation bar with the 'Restore Field' button highlighted.

Sheet Reference / Field Number

These are non-amendable for pre-populated field parcels.

Add Field

If you are splitting, merging or adding new fields you must use the '+Add Field' button. In the pop-up window shown in the below screenshot, enter the Sheet Reference and Field Number and click 'OK'. You will then be able to enter the new field's details. The original pre-populated field parcel(s) must then be removed or amended as appropriate. You must submit a Manage My Land submission for land transfers, if you have not already done so.

When you add a field, you should click 'Save' before moving on to the next field.

The screenshot shows a pop-up window titled "Add Field". It contains two input fields: "Sheet Reference *" and "Field Number *". Below the input fields, there are two buttons: "Cancel" and "OK".

Field Name

This will be pre-populated if you included a Field Name on your SAF in 2025. You may add or amend as required.

Field Size

This is non-amendable. It shows the total Field Size as held by the Welsh Government as at February 2026. If the size has changed you must complete a Manage My Land submission if you have not already done so.

Follow Up

This box should be ticked if you wish to return to this field at a later date.

Other Schemes – Claim boxes

This will only display if you have claimed Organic Conversion Scheme - grant award starting from 1 January 2026, Organic Support, WCM and / or WCP in the 'Claims and Entitlements' section.

We will pre-populate a parcel level tick if our records indicate that you have an eligible contract and/or grant award under Organic Conversion Scheme - starting from 1 January 2026, Woodland Creation Grant and/or Small Grants - Woodland Creation.

If you no longer have a grant award and/or a contract for any schemes we have pre-ticked, you must remove the tick.

If you have a grant award and/or a contract for any of the schemes which we have not pre-ticked, and you wish to claim for these schemes, you **must** tick the appropriate claim box(es). If you do so, an information message such as the one shown in the below screenshot may appear, as a prompt to ensure you have not ticked the claim box accidentally.

Please note: If you have ticked the Organic Support claim tick in the Claims Section, you **must** add a claim tick in the Organic Support (OS) claim box on all eligible parcels you wish to claim payment on.

Crop

These include crop and non-crop land use codes. See the '*2026 Single Application Rules Booklet*' for a complete list of crop codes.

Crop codes will be pre-populated where possible. You must amend or add any crops if not pre-populated, or if different from those pre-populated, using the drop-down list.

Growing for the Environment: Crops planted for the Growing for the Environment Scheme should be included in the Field Data Detail Section using the relevant crop code of the crop planted as listed in the ANNEX 2: LAND / AREA DECLARATION AND USE CODES.

Please Note: for the Mixed leys option you should use the crop code of the predominant crop within the seed mixture.

Crop codes for landscape features and ineligible areas

It is important you assess these areas on your holding as explained at Annex 1 of the '*2026 Single Application Rules Booklet*' and declare the appropriate crop codes. Failure to do so may result in an over-declaration of eligible areas for 2026, which may lead to reductions and penalties.

Where we have identified there is an ineligible area on your holding, as a part of validation in 2025, we have pre-populated this on your SAF.

Codes for grass

For areas that have been grass for 5 years or more use GR2. For areas that have been grass for less than 5 years use GR1. Grass may only be reclassified from GR2 to GR1 if the land has been subject to crop rotation within the last 5 years. Where an area that has been grass for more than 5 years has been resown with grass in the last 12 months the code GR8 should be used.

Area

This is pre-populated where possible. You must add or amend any areas if not pre-populated, or if different from those pre-populated.

It is important when completing your SAF that you carefully check all crop / land use codes and areas to ensure your application reflects the actual situation on your holding.

If the pre-populated area is incorrect or missing, enter the area for each land parcel in hectares to 2 decimal places.

Claim BPS

The Claim BPS box appears if the crop declared is eligible for BPS and you have said you want to claim BPS in the 'Claims and Entitlements' section. You must tick this box if you wish to claim for Basic Payment Scheme / BPS Young Farmer Payment for this land.

Tenure

This is pre-populated where possible. You must add or amend any tenures if not pre-populated, or if different from those pre-populated.

The Tenure codes are:

- A** Full Agricultural Tenancy
- B** Farm Business Tenancy
- C** Unwritten Tenancy
- D** Grazing Licence
- O** Owned

Land you rent out which is not under your management control must not be declared on your SAF.

- If you still own the land and do not rent it out on 15/05/2026, so it is under your management control, you should amend the tenure to **O**.
- If you rent the land out on a short term grazing licence covering 15/05/2026, but it remains under your management control, you should amend the tenure to **O**.

If you have the land on a short term grazing licence on the 15/05/2026 and the land is not under your management control i.e. you do not have management control of the land, this must not be entered on your SAF as it does not form part of your holding.

Feature Change Date

If you add, or make changes to, Permanent Features you will also need to enter a 'Feature Change Date'.

Secondary Crop

You should enter a crop / land use code here if you are claiming:

- BPS and will be planting a different crop in the field after 15 May
- Growing for the Environment and will be planting a different crop in the field after 15 May
- Organic Conversion Scheme and will be planting a different crop in the field after 15 May
- Organic Support and will be planting a different crop in the field after 15 May.

Planting Month

If you declare a Secondary Crop you must also select the appropriate Planting Month from the drop down list.

Add Crop

This button should be used if you need to add an additional row of crop data to this field parcel.

Remove (or Restore)

This button should be used to remove this crop from your declaration. If you need to remove the whole field parcel from your declaration you should use the Remove Field button instead. A pre-populated crop entry which has been removed can be restored by using the 'Restore' button.

Submitting a Sketch Map

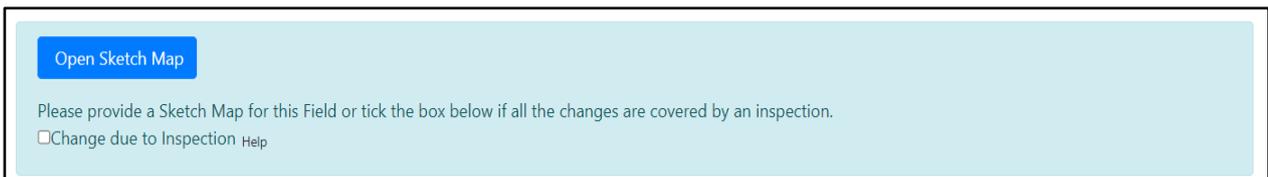

If you add or amend crop codes and / or areas in the Field Data details you may be prompted to submit a sketch map as shown in the below screenshot.

Open Sketch Map

Please provide a Sketch Map for this Field.

Under some circumstances, land parcels that have been subject to a 2025 Land Inspection may ask for a sketch map to be completed. If the land declaration matches the 2025 Land Inspection and no changes have been made to the parcel since the inspection was carried out, you can enter a tick in the 'Change due to inspection' box on the land parcel in the Field Data section as shown in the below screenshot.

Open Sketch Map

Please provide a Sketch Map for this Field or tick the box below if all the changes are covered by an inspection.

Change due to Inspection [Help](#)

By ticking this box, you will not be required to submit a sketch map for the parcel as shown in the below screenshot. We will use the 2025 Inspection details. If anything has changed on the parcel since the inspection was carried out i.e. any changes made to permanent features, etc. then you will need to provide a sketch map and the 'Change due to inspection' box should not be ticked.

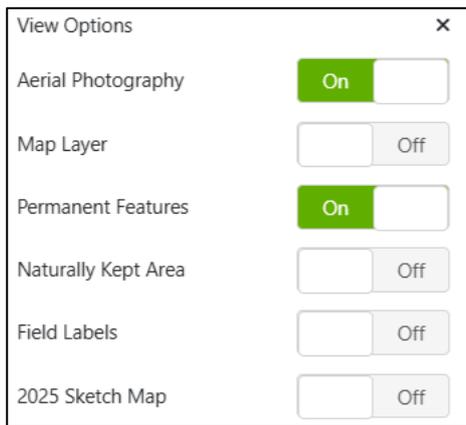

You do not need to provide a Sketch Map for this Field.

Change due to Inspection [Help](#)

If there have been any boundary changes since the inspection was carried out, a Manage My Land submission will need to be completed. This can be done by using your RPW Online account, if you have not already done so.

To submit a sketch map, click the Open Sketch Map button. The map for the field in question will appear with area and crop code details displayed.

Once in the map you can use 'View Options' to turn layers, e.g. Aerial Photography, on and off on the map as shown on the below screenshot.

You can use the Sketch Map to:

- sketch the position of a Permanent Feature
- place lines to show boundaries between crops
- use 'Add a marker' to show in which part of the field each crop is situated.

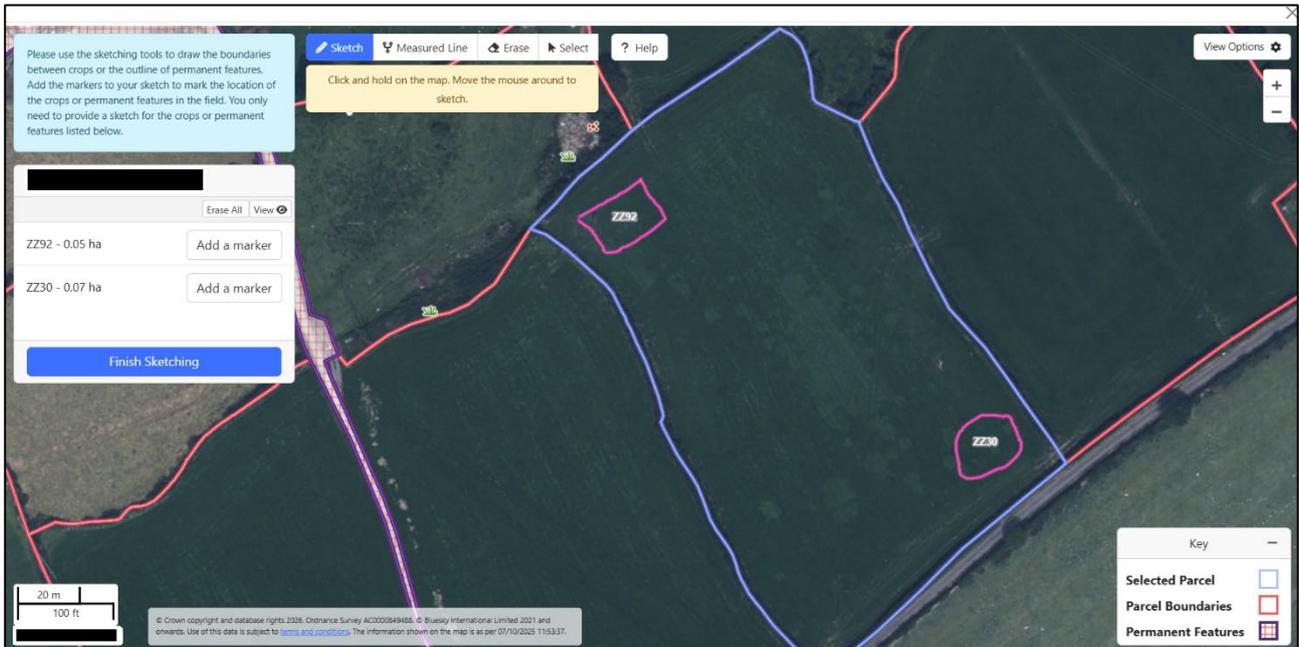

To do this click on either 'Sketch' or 'Measured Line' and then draw the shape of the Permanent Feature or draw lines where the boundary between different crops is.

[Back to Contents](#)

Sketch

The Sketch option is a free-hand drawing tool shown in the below screenshot. To use this move the cursor to the point you wish to start drawing, click the left-hand button of your mouse and keep this pressed while you move the mouse to draw your required shape or line. Repeat this for each shape or line you wish to draw.

(These instructions may vary depending on your device set-up, e.g. touch-screen or left-handed mouse set-up.)

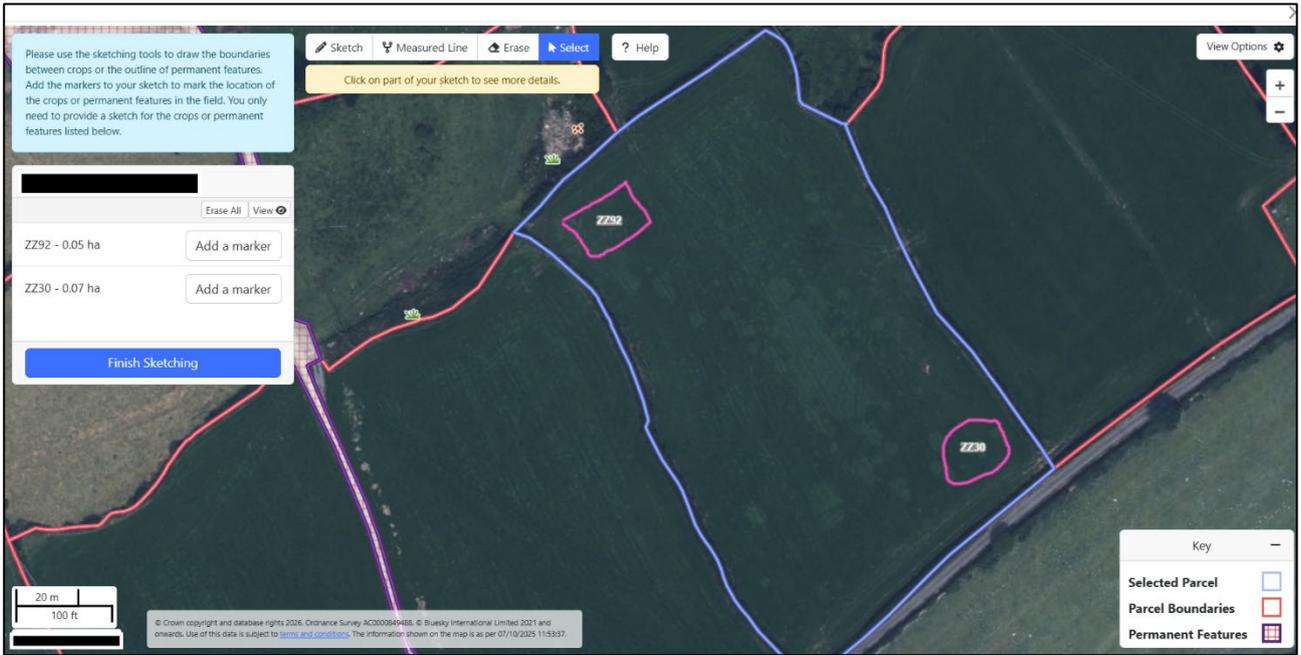

Measured Line

The Measured Line option is a point-to-point drawing tool shown in the below screenshot. To use this, move the cursor to the point you wish to start drawing, click and release the left-hand button of your mouse and draw your first line. If you wish to extend this line at a different angle, click and release the left-hand button again.

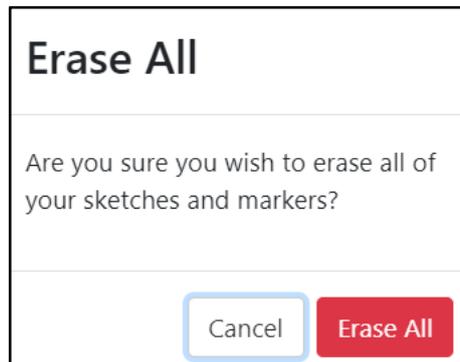

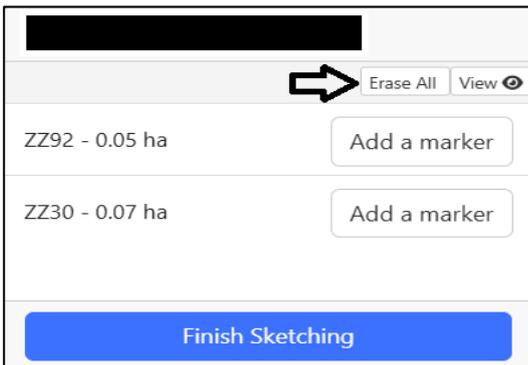

If you are drawing a linear object, when you have finished double-click the left-hand button to finish drawing. The tool will display the total length of the object you have drawn.

If you are drawing a shape, when you have finished single-click the left-hand button to complete your shape and finish drawing. The tool will display the total area of the object you have drawn.

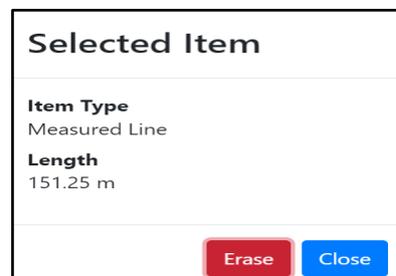

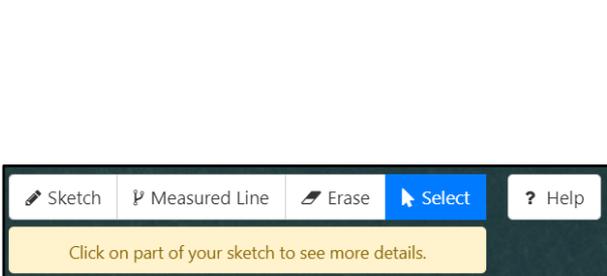

(These instructions may vary depending on your device set-up, e.g. touch-screen or left-handed mouse set-up.)

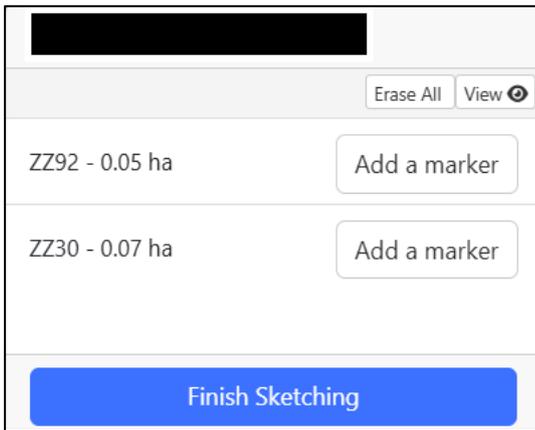

Use 'Erase' to delete any lines / shapes / markers drawn by mistake. To do this click on 'Erase' then click on the lines / shape / marker on the map. If you wish to delete everything you have drawn in this field and start again, select 'Erase All' as shown in the below screenshots.

If you have drawn objects using the Measured Line tool, you can use the 'Select' button to view the length or area of that object. This will also give you the option to delete the object if you wish as shown in the below screenshots.

To exit the Field Sketch Map screen, click the Finish Sketching button shown in the below screenshot.

Sketch maps do not have to be accurate but the areas you declare in the 'Field Data' section must be accurate.

If you need a sketch map but have not submitted one a red cross will show in the Map column of the 'Field Data List' as shown in the below screenshot.

Changes to land that require new field numbers

Applications for new field numbers must be made on a 'Manage My Land' submission on RPW Online.

Fields which fall into one of the categories listed below may need new field numbers:

- fields not previously registered for IACS purposes
- fields which have been permanently split
- fields which have been permanently amalgamated
- fields which have new boundaries.

'*Manage My Land*' will provide you with the field numbers for these changes, which you should also use when completing this year's SAF. This means you will need to add the new field number/s in the Field Data section of your SAF and remove any fields that no longer exist.

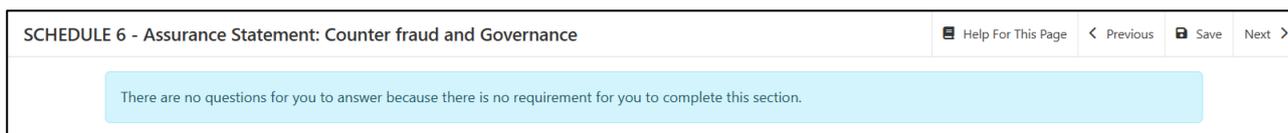

Please check you have not claimed under both the old and new field details as this could incur financial penalties. Remember to add the new field numbers in the Field Data section on the SAF and also click 'Remove' for all the old field entries.

There are no questions for you to answer because there is no requirement for you to complete this section.

If you have indicated you wish to claim for Organic Conversion Scheme - grant award starting from 1 January 2026, Woodland Creation Maintenance (WCM) and/or Woodland Creation Premium (WCP) on the 'Claims and Entitlements' section, the legal status for your business is anything other than sole trader and you have a Contract and/or Grant Award under Organic Conversion Scheme (OCS) - starting from 1 January 2026, Woodland Creation Grant (WCG) and/or Small Grants – Woodland Creation scheme (SGWC). You will be required to complete the Schedule 6 - Assurance Statement: Counter fraud and Governance section to give assurance that reasonable and adequate governance and counter fraud procedures exists in the businesses funded.

If there is more than one personnel within your organisation who has/have specific responsibility for financial management in respect of the purposes of protecting and maintaining woodland and/or converting to organic or more than one individual responsible for the supervision of the personnel named, you can add additional individuals by selecting the 'Add Individual' button. Once the blank row has been created, you can enter the additional individual details in.

The 'Remove Individual' button should only be used if you wish to remove the row.

SAF 2026 SCHEDULE 6 - Assurance Statement: Counter fraud and Governance

All items marked with * must be entered.

The Welsh Government has a duty to protect public funds, ensuring they are handled with probity and in the public interest. It is important that people in Wales are able to have confidence in the Welsh Government and the organisations it funds. Welsh Government officials require assurance that reasonable and adequate governance and counter fraud procedures exist in the organisations funded by the Welsh Government.

Are you in receipt of any other funding from any other organisation to support the Purposes as detailed in Schedule 1 of your Organic Conversion Scheme and/or Woodland Creation Maintenance and/or Woodland Creation Premium grant award? If so, please provide details including amounts of other funding, posts funded and source of funding. This includes applications that are pending. Further details can be provided in the table below. * Yes No

You declare that your employees, officials, directors, trustees and board members:

- where applicable, fully understand their duties and responsibilities under the relevant legislation relating to companies and charities;
- have sufficient knowledge about governance issues to carry out their roles in a manner which is fully compliant with the relevant legislation;
- properly scrutinise and oversee the work of those with primary responsibility for your financial management.

If you answer 'Yes' to question 'Are you in receipt of any other funding from any other organisation to support the Purposes?', you **must** provide details of any other public funding from any other organisation you are in receipt of in relation to revenue payment to support the purposes of protecting and maintaining woodland and/or converting to organic including amounts of other funding, posts funded and source of funding in the table shown in the below screenshot. This includes applications that are pending.

Please provide details of **any other funding**, both capital and revenue, (including other Welsh Government funding streams) from any organisation to support the Purposes as detailed in Schedule 1 of your Organic Conversion Scheme and/or Woodland Creation Maintenance and/or Woodland Creation Premium grant award. You must include details of capital items, posts funded, amounts of other funding and source of funding. This includes applications that are pending. *

I confirm the above declaration

If you are in receipt of any other funding from more than one organisation/source, you can add a new row by selecting the '+Add funding'. Once the blank row has been created, you can enter the funding details.

The 'Remove' button should only be used if you wish to remove the row.

Please Note: If you are in receipt of public funds in relation to revenue payment to support the purposes of protecting and maintaining woodland and/or converting to organic, you must not claim for the Organic Conversion Scheme - starting from 1 January 2026, Woodland Creation Maintenance (WCM) and/or Woodland Creation Premium (WCP) on land if you are receiving funding for the same purpose from any other source. This would be considered double funding for the same land.

If it is established you are receiving funding from another source for protecting and maintaining woodland and/or converting to organic, this could result in financial penalties and the recovery of payment of your Organic Conversion Scheme - starting from 1 January 2026, Woodland Creation Maintenance (WCM) and/or Woodland Creation Premium (WCP) claim.

Please Note: Capital funding is defined as one off funding to purchase an item or items and revenue funding is to pay for management of an area for a defined length of time.

Summary

The 'Summary' screens shown below do not form part of your application. They are for your use only, as a prompt to help you identify any errors or omissions you may have made on your application. They show a summary of your 2026 SAF and, if you submitted one, a summary of your 2025 SAF for comparison. 2025 details will not display for any schemes that were not fully processed at the time we extracted the data.

Where schemes were not claimable on the SAF 2025, 'N/A' will be displayed.

The following summarises your SAF 2026 application as completed by you. It also summarises your SAF 2025 to enable you to compare both years to help you identify possible discrepancies. The 2025 information is based on applications which have completed validation only. Therefore information will not appear where a SAF 2025 or individual scheme application was either not submitted or is still undergoing validation.

This Summary is for information purposes only, does not confirm any information in your application is correct, and does not form part of your SAF 2026 application.

Where schemes were not claimable on the SAF 2025, "N/A" will be displayed.

All areas are expressed in Hectares, and are for Welsh land only. No area is shown for BPS 2026 Common Land because the allocation of forage area to common land rights may vary from year to year.

Please ensure the area claimed for your Rural Development Woodland Creation Schemes matches the area on your contract.

Supporting Documents

The 'Supporting Documents' section lists the documents classed as Supporting Documents. **You must check this list carefully and thoroughly to ensure you submit all Supporting Documents relevant to your application. Failure to submit the applicable Supporting Documents, if required, by the deadline date could result in rejection of your claim(s).** (See the '2026 Single Application Rules Booklet' for more information.)

Tick the box(es) relevant to your application at the bottom of the section as shown on the below screenshots.

Submission Supporting Documents < Previous Save Next >

All supporting documentation for BPS must be submitted by 31 December 2026 in order to support your application. No payment (including BPS Advance Payment) will be made until evidence has been received. If no evidence is submitted by 31 December 2026 your claim will be rejected.

All supporting documentation for Organic Support must be submitted by 31 December 2026 in order to support your application. No payment will be made until evidence has been received. If no evidence is submitted by 31 December 2026 your claim will be rejected.

You must ensure all supporting documentation for the Organic Conversion Scheme is received by the Welsh Government by 31 December 2026 in order to meet scheme requirements. Failure to meet the terms and conditions of the contract and/or Grant Award could result in the cancellation of your contract/Grant Award and/or the recovery of payments already made.

If you need to submit any documents by mail you will also need to ensure these are received by the Welsh Government by these dates. The types of documentary evidence that would be acceptable are listed below (these are only examples).

Active Farmer

Farmer confirming Agricultural Activities

- Fencing receipts
- Hedging receipts
- Arable crop / grass seed receipts
- Fertiliser receipts
- Pesticide receipts
- Silage, haylage or hay sales invoices

BPS - Trees that are protected by a Tree Preservation Order (TP8)

- A copy of the Tree Preservation Order for the trees being claimed for BPS.
- A letter from the Local Planning Authority stating that the trees being claimed for BPS are covered by a Tree Preservation Order.

Organic Conversion Scheme

- A copy of the latest OCB Certificate and Land Schedule
- Evidence of Agricultural Activity, if required
- If you are claiming for the Horticulture payment rate, evidence that the crops are grown and sold at a commercial scale, including volume of sale. (Cropping records, receipts, invoices etc.)
- If you are claiming as a Dairy enterprise, evidence of a letter of intent, selling organic milk or products derived from milk

Organic Support

- If you need to submit evidence to demonstrate agricultural activity for BPS or if you have not claimed BPS, you will need to submit evidence to demonstrate you meet the primary producer requirements
- A copy of the latest OCB certificate and Land Schedule
- If you are claiming for Horticulture, evidence of selling non-fodder organic horticultural crops, including volume of sales
- If you are claiming for dairy, evidence of selling organic milk or products derived from milk
- If you have less than 3ha of eligible agricultural land registered with RPIW in Wales, you must submit evidence to demonstrate over 550 standard labour hours
- Accountants letter to confirm the business has completed more than 550 hours in the previous calendar year

Or

- Supporting evidence other than a letter from an accredited accountant will only be accepted as proof if it provides an equivalent level of assurance. This means that it should be verified by an independent, accredited source, such as a solicitor, with sufficient understanding of the business to confirm the claim of 550 hours work being undertaken

Please tick the box to accept the declarations and undertakings.

I confirm that, for the purpose of claiming the Basic Payment Scheme, I am a farmer within the meaning of Article 4(1)(a) of Regulation EU 1307/2013, as set out in the SAF Rules Booklet. I am aware of the conditions relating to my Single Application and I have complied with them.

I have read, understood and complied with all of the relevant guidance notes on the schemes in particular the 2026 Single Application Rules Booklet and any scheme rules for the schemes for which I am claiming payment.

Basic Payment Scheme - Claim Year 2026

I confirm that I have complied with the requirements contained in the relevant legislation, including:

- Regulation EU 1307/2013 including Delegated Regulation EU 639/2014 and Implementing Regulation EU 641/2014; and
- Regulation EU 1306/2013, including Delegated Regulations 640/2014 & 907/2014 and Implementing Regulations EU 809/2014 and 908/2014, as retained by the Direct Payments to Farmers (Legislative Continuity) Act 2020, and amended by the Rules for Direct Payments to Farmers (Amendment) Regulations 2020, The Financing, Management and Monitoring of Direct Payments (Amendment) Regulations 2020, The Direct Payments to Farmers and Rural Affairs (Miscellaneous Amendments etc.) (Wales) (EU Exit) Regulations 2020 and The Basic Payment Scheme (Tapering, Amendments and Closure) (Wales) Regulations 2025.

Rural Development Woodland Creation Schemes and Other Schemes – Claim Year 2026

I confirm that I have complied with the requirements contained in the relevant Retained EU Law (now known as 'Assimilated Law'), and domestic law including:

- Council Regulation 1305/2013, Delegated Regulation 807/2014 and Implementing Regulation 808/2014;
- Council Regulation 1303/2013;
- Council Regulation 1306/2013, Delegated Regulation 640/2014 and Implementing Regulation 809/2014;
- the Rural Development Programmes (Wales) Regulations 2014/3222 (W.327);
- the Common Agricultural Policy (Integrated Administration and Control System and Enforcement and Cross Compliance) (Wales) Regulations 2014/3223 (W.328) as amended from time to time, including by the Agricultural Support (Miscellaneous Amendments) (Wales) (EU Exit) Regulations 2021/400 (W.129)

I confirm that I am aware of and have complied with all the requirements of the Rural Development Woodland Creation Scheme and Other Scheme contracts and/or grant award for which I am a beneficiary.

General

I will allow duly authorised officers of the relevant Agricultural Department(s) and their duly authorised agents and those persons accompanying them, access to any land which I farm in order to inspect the land, animals, any relevant equipment, storage facilities and farm records (including computer records) and any other aspect of the farm in order to verify the accuracy of the information in this application and I will give them all reasonable assistance for that purpose. I understand that my claims shall be rejected if I or my representative prevents any of the above from being carried out.

I undertake to keep for a period of 10 years and to provide officers of the relevant Agricultural Department(s) or their duly authorised agents, within such period as they may determine, such records and information as it may require in respect of this application and in order to determine my compliance with these declarations and undertakings.

I will repay aid received together with any interest, if I am asked to do so by the appropriate Agricultural Department, as a consequence of a breach of the rules, or of the declarations made or undertakings given in this application. I will repay on demand any overpayments to me as a result of a miscalculation by the Welsh Government or otherwise.

I understand that the relevant legislation (including controls) may change from time to time. I accept that the Welsh Government may need to update rules and conditions and I agree to abide by any changes following notification by the Welsh Government.

I am aware of the circumstances in which the Welsh Government may use and / or share the information provided on the SAF and any other document used in connection with application for aid under the Direct Payment schemes, Rural Development Woodland Creation Schemes and Other Schemes. This extends to the use of information which is created or obtained in connection with such applications (including details of payments made to me / my business). I agree to any necessary disclosures or exchanges of information.

I understand that the publication and disclosure of information by the Welsh Government will be in accordance with its obligations and duties under the Freedom of Information Act 2000, the Data Protection Act 2018, the Environmental Information Regulations 2004, Council Regulation 1306/2013, Commission Regulation 908/2014 and the General Data Protection Regulation 679/2016. I understand other information provided may also be disclosed where permitted by law.

I have disclosed details of all other management agreements or grants that I receive, or intend to apply for, that may have a potential for double funding.

I have given details that are true, accurate and complete to the best of my knowledge and belief on this application and any supporting documentation. I have checked and confirm that all of the pre-populated details are correct.

I understand that the Welsh Government publishes 'Error' and 'Information' messages in the sections of the application and in the summary only as an aid for completion and submission of the application. I understand that these messages do not check that I have claimed all intended fields or that any elements of the claim are accurate. It is my responsibility to confirm that my intended claim has been made accurately.

I will advise the Welsh Government of any material changes to the information provided in this application or supporting documentation.

Any person who makes a false declaration or fails to notify the Welsh Government of a material change to the information given in this application is liable to prosecution. A false, inaccurate or incomplete statement or failure to notify the Welsh Government of any material changes to the information given in this application may result in loss of entitlement and / or recovery of any payments made.

I have read and agree to the above Declarations and Undertakings.

Submit

Your SAF is now ready for submission. If you are ready to submit it click the 'Submit' button as shown on the below screenshot. Once you have done so your SAF will be submitted to the Welsh Government.

You will then be able to submit any Supporting Documents your application requires, either via your RPW Online Messages, or via mail or in person if you are submitting original documents.

Agents or Farming Unions without the 'Submit Claims' role will alternatively be able to save the SAF and arrange for the customer to access and submit this when convenient.

Remember – all SAFs must be submitted by 15 May 2026, or by 9 June 2026 with penalties. SAFs cannot be submitted or accepted after this date.

Supporting Documents

All Supporting Documents for **BPS** must be received by 31 December 2026. No payment (including BPS Advance Payment) will be made until evidence you are carrying out an agricultural activity in 2026 has been received. If no evidence is submitted by 31 December 2026 your claim will be rejected.

All supporting documents which are required for **Other Schemes –Organic Conversion Scheme and/or Organic Support** including to demonstrate you are carrying out Agricultural Activity, are subject to the 31 December 2026 deadline. If supporting documents are not received by this date your claim will be rejected.

For Organic support if you need to submit evidence to demonstrate agricultural activity for BPS or if you have not claimed BPS, you will need to submit evidence by 31 December 2026 to prove you are **a primary producer of agricultural products**. If no evidence is submitted by 31 December 2026, your claim will be rejected.

You must ensure all supporting documentation for the **Organic Conversion Scheme** is received by the Welsh Government by 31 December 2026 in order to meet your contractual requirements.
