The Assessment Process

The assessment of Tai Tarian was carried out in accordance with [The Regulatory Framework for Welsh Registered Social Landlords 2025](#). As well as the standard scope of governance, service delivery and financial viability, following a review of the RSL's self-evaluation, compliance improvement plan (CIP) and associated documentation, the Board assurance framework was reviewed in more depth.

Together with a review of documents and regulatory returns, interviews were carried out with the Chief Executive Officer and Chair of the Board, meetings of the Board plus Audit and Risk Committee were observed, and the regulation team attended a tenant engagement event. We also considered information and knowledge from routine regulatory contact with the RSL.

Improvements Required

The assessment showed that compliance with the regulatory standards detailed below must be improved or material risks closely managed, to continue to meet our requirements:
