

ATISN 27002 – Newport Children’s Homes

Email correspondence between CIW and Newport Council

Email from Newport Council to CIW (30/03/2026)

I have just had a catch up with [REDACTED] and can comment on Springfields as it is one of ours!

We have purchased this property and are currently refurbishing it. There are no children placed as it is currently a building site. The building work is due to complete end of July and I plan to initiate our registration with CIW a little closer to the time.

I am aware of nearby resident complaints and we are dealing with these also.

If you have any questions, feel free to get in touch.
