Small Grants Woodland Creation – Expression of Interest

Using RPW Online to Apply

Important Notice:

These instructions will give you step-by-step guidance on how to complete your Small Grants Woodland Creation Expression of Interest (EoI).

The Welsh Government produces this Guide in Welsh and English as required under the Welsh Government Welsh Language Scheme. Should you require a copy of this guide in the alternative language, you can access it from gov.wales by selecting the language switcher at the top of the page and re-opening the document.

If you are encountering problems or are unable to access our website, please contact the RPW Online Helpdesk on 0300 062 5004.

SECTION 1 – GETTING STARTED

RPW Online

You will need to sign into GOV.UK One Login to access your RPW Online account.

You can access the sign in page via [Create your GOV.UK One Login or sign in - GOV.UK One Login](#)

Select to create your GOV.UK One Login or sign into your RPW Online Account - enter your email address and password in the boxes and click Continue.

You can find the latest user guidance and updates at [RPW Online: how to register GOV.WALES](#)

A screenshot of the GOV.UK One Login sign-in page. The page has a blue header with the GOV.UK logo. Below the header, there is a beta notice and language options. The main heading is 'Create your GOV.UK One Login or sign in'. The text explains that users can use GOV.UK One Login to access government services and that in the future, it will be used for all services. It lists requirements: an email address and a way to get security codes (UK mobile phone number or authenticator app). There are buttons for 'Create your GOV.UK One Login' and 'Sign in'. A link at the bottom points to 'Services you can use with GOV.UK One Login'.

SECTION 2 – OVERVIEW OF NAVIGATION CONTROLS

This is an overview of the Navigation controls on each page that you will need to use to complete your Application:

	Located on the bottom left side of the page where applicable. This will allow you to choose the language your Application is displayed in.
	Located at the top left of each page where applicable. This button will take you to the <i>Using RPW Online to Apply</i> document for the scheme.
	Located at the top right and bottom right of each page where applicable, these buttons will allow you to move forwards and backwards between pages of your Application.
	Located at the bottom left of each page where applicable, this button will allow you to Print a snapshot of your Application in its current state. Important note: Printed copies of your Application will not be accepted for submission.
	Located at the top right and bottom right of each page where applicable, click this button to save any changes made. Clicking this button will also check to see if changes made to the current page are acceptable.
	Located at the bottom left of each page where applicable, click to exit your Application. Changes are saved automatically.
     	These indicators appear next to each section of your Application, on the left side of the page. The green tick appears when entries made in a section are acceptable. The red cross appears where a required section/page hasn't been viewed yet, or if there are errors that need to be corrected. The blue Information icon appears where an Information message has been triggered due to a change made on the form.

SECTION 3 – THE APPLICATION

Start Application Page

Once you have selected the appropriate link to start your Expression of Interest, you will see the following page.

The screenshot shows the 'Start Application' page on the RPW Ar-Lein Online portal. The header includes the Welsh Government logo, the RPW Ar-Lein Online logo, and the European Agricultural Fund for Rural Development logo. The navigation bar shows 'Home', 'My Details', 'Land', 'Correspondence' (with a red '4' icon), 'Forms', and 'Contracts and Small Grants'. The main heading is 'Start Application start an application or claim'. The text explains that the user has asked to complete an application online for 'Small Grants - Woodland Creation'. It states that the application will not be submitted until the 'Submit' option is clicked. It also mentions that the application must be submitted to the Welsh Government by a certain date. There are links for 'Customer Details' and 'Online Preferences'. The 'Customer Details' section includes fields for Trading Title, Address, Postcode, Telephone Number, Email Address, and Number of Partners. The 'Online Preferences' section includes fields for Email or SMS (Text) Preference, Email Address, and Mobile Number. At the bottom, there are 'Start' and 'Cancel' buttons.

Before commencing please check that the details shown are correct. If needed, you can make changes by clicking the **Customer Details** link or the **Online Preferences** link.

If the details shown are correct, select the **Start** button. This will take you to the Introduction screen.

Note: If you exit an in progress Application, the changes will be saved to continue later. This page will change to **Continue Application** when revisited. There will be an additional option to restart your Application if necessary – click **Start Again** to delete your current Application. You may then begin the submission process again.

The screenshot shows the 'Continue Application' page on the RPW Ar-Lein Online portal. The header and navigation bar are similar to the 'Start Application' page. The main heading is 'Continue Application continue an application or claim'. The text explains that the user has asked to complete an application online for 'Small Grants - Woodland Creation' and that they already have an application in progress. It states that the user may choose to remove their existing 'Small Grants - Woodland Creation' and start again. There is a red box around the 'Start Again' button, with a red arrow pointing to it. The text also mentions that the application will be populated with the latest available data. At the bottom, there is a note about the submission process.

Introduction

This page provides key messages about the Application. Please ensure you read them thoroughly before you begin.

It also provides links to the relevant **Rules Booklet** and **How to Complete Guidance** on the Welsh Government website.

The screenshot shows the 'Introduction' page of the 'Small Grants - Woodland Creation' application. The page has a left-hand navigation menu with links to 'Introduction', 'Privacy Notice', 'Eligibility', 'Contract Conditions', 'Woodland Planting', and 'Submission'. The main content area is titled 'Small Grants - Woodland Creation' and includes a Welsh Government logo. It contains several paragraphs of text, including a warning to read key messages before progressing, details about the scheme's purpose and funding, and instructions on where to plant. Two red callout boxes are overlaid on the page: one pointing to a link for the 'Rules Booklet' and another pointing to a link for 'How to Complete instructions'.

Small Grants - Woodland Creation

Introduction

Small Grants - Woodland Creation

Please note the following key messages before progressing with your Application.

Small Grants - Woodland Creation is a simple scheme aimed at farmers and other land managers to encourage planting of small areas of woodland on land which is agriculturally improved or low environmental value. Funding is available for tree planting and in field corners or small fields for stock shelter, biodiversity planting and fences, 12 years of payments for maintenance.

Under this scheme, the application process ensures proper requirements without needing to send a woodland plan for 1.99ha.

This scheme only covers planting on the low sensitivity area shown on the Woodland Opportunities Map (WOM). This excludes high value habitats as well as land above the upper limit of enclosure and common land due to potential landscape impact and other complexities. If the land you want to plant is not shown on the low sensitivity area, or if you believe any information on the WOM is incorrect, you will need to apply to the Woodland Creation Planning Scheme (WCPS) for support from a Registered Woodland Planner to develop a Woodland Creation Plan.

Before completing this application please read the [Small Grants – Woodland Creation Guidance](#). For help in filling in your application please see the [How to Complete instructions](#).

If you have any problems completing your application, you should contact the Customer Contact Centre using your RPW Online account or by telephone on 0300 062 5004.

Before completing this Application, please ensure you have read the associated Rules Booklet accessible by clicking this Link.

Link to the How to Complete Instructions (this document)

Once you have read and understood the Rules Booklet and Key Messages click **Next** to advance to the next screen of the Application.

Privacy Notice

This screen details how the Welsh Government will handle information submitted as part of your Expression of Interest.

Please ensure you read and understand how your data will be used.

Small Grants - Woodland Creation		Privacy Notice	< Previous	Save	Next >
Help Introduction Privacy Notice Eligibility Contract Conditions Woodland Planting > Submission		Privacy notice: Welsh Government grants How we will handle any personal data you provide in relation to your grant application or request for grant funding. The Welsh Government provides a wide range of grant schemes to help deliver our policies and create a fairer, more prosperous Wales. The Welsh Government will be data controller for any personal data you provide in relation to your grant application or request for grant funding. The information will be processed as part of our public task (i.e. exercising our official authority to undertake the core role and functions of the Welsh Government) and will help us assess your eligibility for funding. Before we provide grant funding to you, we undertake checks for the purposes of preventing fraud and money laundering, and to verify your identity. These checks require us to process personal data about you to third party fraud prevention agencies. If we, or a fraud prevention agency, determine that you pose a fraud or money laundering risk, we may refuse to provide the grant funding you applied for, or we may stop providing existing grant funding to you. A record of any fraud or money laundering risk will be retained by the fraud prevention agencies, and may result in others refusing to provide services, financing or employment to you. In order to assess eligibility we may also need to share personal information relating to your application with Regulatory authorities, such as HM Revenue and Customs, Local Authorities, Health and Safety Executive and the Police. Your information, including your personal information, may be the subject of a request by another member of the public. When responding to such requests the Welsh Government may be required to release information, including your personal information, to fulfil its obligations under the Freedom of Information Act 2000, the Environmental information Act 2004, the Data Protection Act 2018 or the European Union (Withdrawal) Act 2018. The Welsh Government will publish details of the amounts paid to Rural Support beneficiaries. Data will be published for all beneficiaries, and will include the name and locality of the farmer/land manager and details of the amounts and schemes for which subsidy has been paid. However, for those receiving less than the equivalent of £1,250 in subsidies the name will be withheld. The data will be published annually on 31 May and remain available for two years from the date it is published.	Print Cymraeg		

Eligibility

This page establishes your eligibility to enter the scheme. All questions are mandatory. After selecting your response to each question, click **Save** or **Next**. If any questions have been selected with an answer that contravenes scheme rules, an error message will be shown. Note that you cannot progress with your Expression of Interest if any errors are shown here.

Small Grants - Woodland Creation		Eligibility		< Previous Save Next >	
Help Introduction Privacy Notice Eligibility ✓ Contract Conditions ✗ Woodland Planting ✗ > Submission		Questions marked with * are mandatory. Will you have management control of the proposed planting land for the duration of the contract?* Are you a tenant of the proposed planting land?* Has there been any new tree planting, excluding hedgerows in the past 5 years within 10m of the proposed woodland creation?* Is the area to be planted agriculturally improved by ploughing, re-seeding, applying fertiliser or drainage?* Have all neighbours and individuals whose properties adjoin the proposed planting confirmed they are happy with the planting proposals?* Will the planting be carried out using manual planting, scarification, or inverted & hinge mounding?* Has the drawn area of this Small Grant - Woodland Creation application been subject to any previous scheme funding?*			
Print Cymraeg Exit		< Previous Save Next >			

Management Control

You must have management control of the land to be planted on submission of your EoI and for the full duration of your contract.

Tenants

If you are a tenant, you must have agreement from your landlord to enter land into the scheme. You will not be eligible if you do not have agreement from your landlord for your proposed tree planting. Land held under a Grazing Licence is ineligible for this scheme.

Environmental Impact Assessment

To comply with the Environmental Impact Assessment (Forestry) Regulations the environmental impact of adjoining planting needs to be considered together with your new planting proposal. This includes woodland creation on your neighbours land. Adjoining land is defined as within 10m of your proposed tree planting.

The Threshold for the Environmental Impact Assessment (EIA) is 2ha where any part of the land is within a National Park or Area of Outstanding Natural Beauty (AONB), and 5ha for other non-sensitive areas. Any tree planting in the last 5 years adjoining the proposed woodland creation including neighbouring land will count towards this threshold.

If your proposed planting does not meet the EIA scheme eligibility you should consider applying to the Woodland Creation Planning Scheme.

Further information is available at [Natural Resources Wales / Planning my forestry project](#)

Is the area to be planted agriculturally improved?

Please see **Protection of Potentially Sensitive Habitats** at Section A - Site Assessment, of the Small Grants – Woodland Creation guidance for help in determining whether your land is agriculturally improved.

You will need to establish if there are any Priority Habitats or Sites of Importance for Nature Conservation on the area you wish to plant trees. If these are present on the areas you propose to plant then your proposed planting does not meet scheme eligibility requirements and your EoI will be rejected. You may still be able to apply to the Woodland Creation Planning Scheme instead so that a woodland creation plan can be developed with support from a registered Woodland Planner.

Consulting neighbours and individuals whose properties adjoin the proposed planting

You must have consulted with any individuals whose properties adjoin the new planting. Where neighbours have concerns that cannot be addressed, you will either need to alter the design to reach agreement before submitting your application, or alternatively, if there are no grounds for the objection, you can apply to the Woodland Creation Planning Scheme.

Methods of Planting

Please see **Methods of Planting** at Section A - Site Assessment, of the Small Grants – Woodland Creation guidance for help in determining whether your proposed method of planting will be eligible.

Planting must be carried out using manual planting, scarification, or inverted & hinge mounding. If you intend to carry out your proposed planting using an alternative method, your expression of interest will be ineligible.

Contract Conditions

Please see **Section A - Site Assessment, of the Small Grants – Woodland Creation Guidance** for help in assessing your proposed planting area in order to accurately answer the Contract Condition questions. Completion of these questions is mandatory.

Small Grants - Woodland Creation	Contract Conditions	< Previous	Save	Next >
Help Introduction Privacy Notice Eligibility Contract Conditions Woodland Planting Submission	Questions marked with * are mandatory. Are there any public rights of way through or adjacent to your proposed planting area?* Are you proposing to fence across a public right of way?* Are there any overhead or underground utilities within the proposal area?* Is the proposed planting within 20m of a river, stream or pond?* Is there evidence of badgers using the proposed planting site?* Are any hedgerows / stonewalls / earth banks included or adjacent to the proposed planting area?* Is the proposed planting area within a red squirrel guidance area?* Will the trees need protection from deer?* Are there standing trees present?* Is the site of the planting proposal adjacent to a non-agricultural building?* Do you intend to claim for 'advice' payment which can be claimed upon completion of your grant works?*			
Print	Cymraeg			

The **Small Grants – Woodland Creation Guidance** provides information in assessing the following:

- Protection of potentially sensitive habitats
- Areas of Priority Habitat or Sites of Importance for Nature Conservation
- Sites of Importance for Nature Conservation (SINC)
- Public rights of way
- Overhead or Underground utilities
- Planting near main rivers, streams and ponds
- Evidence of Badgers
- Hedgerows, stonewalls and earth banks included or adjacent to the proposed planting
- Red Squirrel Guidance Area
- Methods of Planting
- Protection from deer
- Existing Trees
- Planting adjacent to a non-agricultural building

Woodland Planting

The Woodland Planting page allows you to specify eligible areas of your land for planting under the scheme. Each individual planting area you create has its own linked fencing, gate creation options and water options applicable to just that planting area. You may have multiple planting areas, each with its own linked fencing and gate options and water options.

Map Screen Overview

	Red boundary lines indicate the land you have registered with Welsh Government. You may add planting areas within the boundaries of your registered land. Any planting areas drawn outside the extent of your registered land will be 'clipped out'.
	Red filled polygons denote areas that have been evaluated as ineligible for planting under the scheme. If you draw a mapping polygon over a red ineligible area polygon it will be 'clipped out' of the final planting area determined.
	Permanent Features are denoted with a purple/pink hatching.
	The mouse pointer (blue circle) has two functions when in map view: Click and hold the left mouse button to drag/move the map around the view. Single click the left mouse button to drop a point node – used when drawing areas, drawing fencing or removing areas.
	Click the Home button to zoom out to the overview of your land.

Search... Planting Area SH1425 SH1425 2567 SH1425 2647 SH1425 3051	The Search box can be used to find field numbers for land that is registered to you. You may also use this box to search by post code. Begin typing the Sheet number in the box and results will appear in a list. Click an item to move the map to that location.
+ Trace Boundary	The Trace Boundary button is used to specify the area for planting. Click on the map to start drawing your shape; click to add additional points; click on the first point to complete the shape, or double click to add a point and complete the shape. Note that by default the mouse cursor will 'snap' to boundary lines when in close proximity, which will help you to draw more accurate shapes. If you wish to turn the snap feature off, click the Trace Boundary button to disable it. Click again to re-enable. If you have already drawn a shape and you draw an additional shape which overlaps the first shape, the shapes will be merged into a single shape. Note that if you draw outside the extent boundary of your registered land, the shape will be clipped to the boundary. Also note that drawing over ineligible land (denoted by red polygon) will also be clipped out.
- Remove Area	The Remove Area button allows you to remove all or part of a previously drawn shape. Click to start drawing the shape to be removed; click to add additional points; click on the first point to complete the shape; or double click to add a point and complete the shape. When you complete the shape to be removed, any part of the existing shape which intersects with this shape will be removed (cut) from the original shape(s).
🗑 Clear	Click the Clear button to completely remove any planting shapes drawn on the map. Note that this will only remove drawn areas on the current item and not remove any other separately drawn and saved items.

 	The Settings button allows adjustment to the map view. You may toggle between aerial photography and OS Map view. You may also toggle field parcel references and Permanent Features on/off.
	The Zoom buttons will allow the map view to be zoomed inwards and outwards. You may also use the scroll wheel on your mouse to zoom if desired.
	Click Done when you have finished drawing a planting area item. The map will close and return to the main view so that <i>Planting Category</i>, <i>Fencing</i> and <i>Gates</i> can be specified.

Adding Planting Area(s) to your Expression of Interest

On the Woodland Planting overview page, click **Add Woodland Planting** to create an area for planting.

Drawing a Planting Area

- Locate the area you wish to plant in the map view using the various tools detailed in the *Map Screen Overview* table above. Please zoom the map in to a sufficient level so that the planting area of interest fills the screen – this will ensure that all layers are loaded, including the ineligible red layer and permanent features, and you will be able to see the fine details of the area when drawing your planting polygon.
- Single left click the mouse to set the first point/node. Move the mouse and single left click again to drop a connecting node, and so on.

- Continue to drop connecting nodes until you have formed your planting area, then single left click on the start node or double left click to complete the area polygon.

- Note if you draw outside the extent of your registered land, shown in the example below left, when completing the polygon, the shape will be clipped back to the boundary as shown below right:

- Click **Done** when finished. The map will close and return to the Woodland Planting screen. An image will show the area you have drawn and show the area automatically measured by the system. It will also show a perimeter measurement in metres:

Woodland Planting Overview

The main Woodland Planting overview page will show a list of each planting area you added to your Application. You can add as many planting areas as you wish, however the area size added must be within the scheme rules.

Any errors that need to be addressed will be shown on the page in red. Click **Modify** on a planting area to go back and fix the issues.

Adding Water Options to your Expression of Interest

When selecting Woodland Categories –

- Wet Woodland and Streamside 1100
- Wet Woodland and Streamside 1600

The screenshot shows a web form for 'Woodland Planting'. At the top, there are fields for '0.60 ha | 330 m' and a 'Draw Planting Location' button. Below these are four input fields: 'Woodland Category *', 'Area of planting (ha) *', 'Total length of fencing (m)', and 'Total Gates'. The 'Woodland Category *' dropdown menu is open, showing a list of options. The options are: 'Please Select', 'Native Biodiversity 1100', 'Native Biodiversity 1600', 'Native Shelterwood', 'Red Squirrel 1600', 'Red Squirrel 2500', 'Wet Woodland and Streamside 1100', 'Wet Woodland and Streamside 1600', 'Mixed - Fruit and Nut', 'Coastal Species Mixture', and 'Productive (Woodfuel and Shelterwood) Species Mixture'. The last two options are highlighted with a red box. Below the dropdown, there are two sections: 'Fencing' and 'Gates'. Each section has a light blue bar with instructions ('Click 'Add Fencing' to draw the fencing' and 'Click 'Add Gates' to add the gates'), a table with 'No Entries' in the center, and an 'Add' button ('Add Fencing' and 'Add Gates').

There are 3 Water Options available – Piped Water Supply, Water Gate and Water Troughs. These options will appear on the main **Woodland Planting** screen below your specified Planting Areas.

The screenshot shows the 'Water Options' section of the 'Woodland Planting' form. It contains three sections: 'Piped Water Supply', 'Water Gate', and 'Water Troughs'. Each section has a light blue bar with instructions ('Click 'Add Piped Water Supply' to add Piped Water Supply', 'Click 'Add Water Gate' to add Water Gate', and 'Click 'Add Water Troughs' to add Water Troughs'), a table with 'No Entries' in the center, and an 'Add' button ('Add Piped Water Supply', 'Add Water Gate', and 'Add Water Troughs'). Below these sections are three input fields for 'Total Piped Water Supply (m):', 'Total Water Gates:', and 'Total Water Troughs:'.

Piped Water Supply

Note: you will only be able to apply for a maximum of 500 meters per application.

- Click **Add Piped Water Supply**.

Save

Please tick the box to accept the declarations and undertakings.

I confirm that I have read and understood the relevant Scheme Rules and Guidance Notes and permit the Welsh Government to use my information to support my application.

I undertake to meet any statutory obligations such as Health and Safety; employment; hygiene; environmental management and protection; animal or crop health and welfare that apply during the time of this project.

I understand that the Welsh Government may need to update the rules and conditions to take account of changes made to the Government of Wales Act 2006.

I agree to abide by any changes following notification by the Welsh Ministers.

I agree to comply with all applicable domestic, or international laws or regulations or official directives.

I have given details that are true, accurate and complete to the best of my knowledge and belief on this application and any supporting documentation.

I confirm that all pre-populated details are correct or have been amended if incorrect.

I undertake to notify Welsh Government of any planned changes to the nature or construction of this project prior to implementation.

I undertake to notify the Welsh Government of any other application for grant aid for this project.

I confirm that no work on this project has been undertaken other than consultancy work, site purchase, the obtaining of quotations, or the drawing up of site plans.

I acknowledge that neither Welsh Government nor any adviser appointed by Welsh Government shall be responsible for any advice given, including without limit any advice given in relation to this application or business development plan, and that I am solely responsible for all business decisions undertaken.

I undertake to notify Welsh Government of any changes to the details provided in the Applicant Details part of the form.

I understand that the Welsh Government displays 'Error' and 'Information' messages in the sections of the application only as an aid for completion and submission of the application.

I will allow officers of the Welsh Government or their duly authorised agent, access to and inspect land and any relevant equipment, facilities and all records and information needed to establish my eligibility and the accuracy of the information provided for which I am making this application.

I agree:

Not to undertake work prior to entering the Small Grants - Woodland Creation scheme that damages the environment and understand that such action could result in rejection of my application.

I agree to maintain adequate insurances to cover against the risks which may arise in connection with any property or any activity undertaken in delivery of the Purposes. We reserve the right to require you to provide proof of your insurance.

I understand that:

The Welsh Government may need to share some information about my Small Grants - Woodland Creation application with other organisations and I agree to any necessary disclosures or exchanges of information.

The Welsh Government may also obtain information about me from certain other organisations, or provide information about me to them in order to verify the accuracy of the information, prevent or detect crime and protect public funds. These other organisations include government departments, local authorities and other bodies as appropriate.

The publication and disclosure of information by the Welsh Government will be in accordance with the obligations and duties under the Freedom of Information Act 2000, the Data Protection Act 2018 and the Environmental Information Regulations 2004. Other information provided may also be disclosed where permitted by law.

WARNING – Any person who makes a false declaration or fails to notify the Welsh Government of a material change to the information given in this application may be liable to prosecution. A false, inaccurate or incomplete statement or failure to notify the Welsh Government of any material changes to the information given in this application may result in termination of contract and/or recovery of any Payments.

I agree to the above declarations and undertakings *

☐

Once you have read the Declarations and Undertakings you will need to tick the box marked **I agree to the above Declarations and Undertakings**.

Once done, select **Next** to be taken to the Submit screen.
