Dear [REDACTED]

Thank you for your response to our letter, which outlined specific safeguarding concerns at your school.

In your response, you acknowledge that the school has taken the issues raised seriously and confirm that action has already been taken to address the concerns.

As outlined in our original letter, it remains the responsibility of the proprietor, the governing body (where applicable) and the school's leadership to ensure that any outstanding actions are completed and that the matters raised are addressed fully and effectively.

Estyn will continue to monitor the school's progress. We will consider the actions taken to address these concerns as part of any future inspection or other monitoring activity at the school.

Yours sincerely
