

Background

Business in Focus is arranging Defence Security Resilience Cymru event on 3-4 September 2026 at the ICC in Newport. This is the first time the event is taking place and aims to connect buyers, suppliers and innovators across defence, security and national resilience. The event aims to build on the interest from SMEs across Wales in the opportunities for their business with the increase in defence expenditure by UK and European Governments.

The event is being supported by xxxxxxxx and Welsh Government. As part of the Welsh Government support, we will have a presence there to promote the services of Business Wales to help Wales based businesses grow.

Advice

As Welsh Government is supporting Defence Security Resilience Cymru, officials recommend acceptance attend the event to speak at the event and meet exhibitors.
