Dear [REDACTED]

The recent flooding incident at Taffs Well Quarry and its impact on the community has understandably generated significant public concern. While I appreciate that investigations into the incident remain ongoing, we are keen to ensure that public confidence is maintained, and that public safety and environmental considerations are afforded the highest priority.

Against this backdrop, I would welcome reassurance from Breedon Group that, prior to any resumption of quarry operations, all relevant public safety and environmental concerns will have been fully addressed. It would also be helpful to understand the steps that Breedon Group has taken since the incident to mitigate potential risks, together with any measures implemented in response to requirements or recommendations from the relevant regulatory authorities.

It is vital that the local community and wider public are kept informed and engaged on any developments and planned activities at the site. I would welcome assurances that this is the case.

I appreciate there may be limitations on the information that can be shared while investigations remain ongoing. Nevertheless, given the level of public concern, any assurance that Breedon Group can provide regarding its approach to protecting public safety and the environment would be welcomed.

Rydym yn croesawu derbyn gohebiaeth yn Gymraeg. Byddwn yn ateb gohebiaeth a dderbynnir yn Gymraeg yn Gymraeg ac ni fydd gohebu yn Gymraeg yn arwain at oedi.

We welcome receiving correspondence in Welsh. Any correspondence received in Welsh will be answered in Welsh and corresponding in Welsh will not lead to a delay in responding.

I would be grateful if we could meet to discuss these matters further. This would enable me to provide an update to Welsh Ministers, who understandably remain concerned about the impact of the flooding incident on the local community.

Yours sincerely,
