Hi [REDACTED],

That week is reasonably clear for me so any day to suit you!

Hi [REDACTED],

Thanks for your email. If you're available, that would be great and it would give us a chance to meet properly as well.

I do have a meeting in [REDACTED] on Tuesday 27th, but I can try and make it work if that's the only time that works for you. Any other day that week would be fine.

Is there any chance another day might work that I can suggest to [REDACTED] instead?

Many thanks,

[REDACTED]

Hello [REDACTED],

I hope your handover process is going well. I appreciate that this is likely a very busy time, so I wanted to follow up as I presume my email below may have slipped through the net.

Please could we reschedule the previously cancelled meeting regarding the stone samples at Powis Castle for Tuesday 27th January?

If that date is not suitable, I would be grateful if you could suggest some alternative dates during that week, if possible.

Kind regards,

Hello [REDACTED]

Thank you for the reply.

Can we go for the Thursday next week 15th in that case at a similar time as you proposed initially?

My colleague [REDACTED] has been fully involved in the Merlons and some but not all of the other matters (but will be going forward). He can meet you to look at the Merlons and samples, and with the help of [REDACTED] show you and [REDACTED] anything else you wanted to see. I will be in meetings at [REDACTED] but will make myself available online as a suitable time, so that when you have finished the walk around I can deal with any queries of questions for you which [REDACTED] may not be able to answer due to lack of involvement so far, or where I can be clearer progress and next steps.

Would that work and could you send that meeting invite please – Thursday 15th 11am?

Obviously I agree that weather may yet interfere with that plan too.

Many thanks for your co-operation

Hi [REDACTED]

I was just typing you a note to check in about tomorrow so this is well timed.

If you are able to fit something in next week that seems a sensible option to manage the weather risks.

I would ideally like to meet you, but cannot do Thursday next week, however would Weds 14th at the same time be possible for you and others?

Regards

Hello all,

We have concerns about this meeting given the weather tomorrow (especially for us getting home). We suggest re-scheduling next week, would Thursday work again?

Yours
