Dear

ATISN 27588 Anti-Racist Wales Evidence Report: Climate Cymru Black Asian & Minority Ethnic

Information requested

Thank you for your request which I received on 28 September 2026. You asked for:

The recorded information that Welsh Government holds in relation to “Recommendation 4: Create urban farming (allotments) and dog-free areas in local green spaces”.

The ‘recommendation’ you have highlighted was obtained from one of the five Community Dialogue Project Reports commissioned by Welsh Government. This was an evidence gathering exercise to understand the lived experience views from ethnic minority groups in Wales in support of the Anti-Racist Wales Action Plan (ARWAP). All five reports were published verbatim on the Welsh Government website on 6 November 2024 [Anti-racist Wales evidence reports: understanding racism in environment and climate change sector | GOV.WALES](#)

You have expressed interest in the recorded details that Welsh Government hold in terms of 1) the formal status of the report and recommendation; 2) the formal dissemination activity of the report and recommendation; 3) the intended use of the report and recommendation and 4) any monitoring activity of the report and recommendation.
