Hi Redacted Official 3 WG,

Thank you so much for that clarification. I frantically scanned down and got to the last sentence.

We are just finalising reports so I am beyond grateful that the best guesses we are making are correct.

Regards

Subject: QI 7 Location data

Hi Redacted Official 1 Caerphilly

Our GIS team have run the location data details below:

- Current service points (18): 79587 residential properties pass the criteria and 2109 fail (97% pass)
- Proposed service points (8): 71826 residential properties pass the criteria and 9870 fail (88% pass)

For Caerphilly population per hectare your target is 75% within 2.5 miles (or 10 minutes travelling time by public transport) of a static service point, or within ¼ mile of a mobile library stop. Your proposed 8 service points still meet the location target.

All the very best
