

Footnotes:

- (a) FPI: The Foundation Phase Indicator represents the percentage of pupils achieving the expected outcome or above in "Language, literacy and communication skills" (in English or Welsh), "Personal and social development, well-being and cultural diversity" and "Mathematical development" in combination. The expected outcome of the majority of pupils is outcome 5 at the end of the Foundation Phase.
- (b) CSI: The Core Subject Indicator represents the percentage of pupils achieving the expected level or above in English or Welsh (first language), mathematics and science in combination. The expected level at Key Stage 2 is Level 4 and at Key Stage 3 is Level 5.
- (c) From 2015/16 these are based on pupils in year 11. Previous years are based on pupils aged 15 at the start of the academic year, includes all qualifications approved for pre-16 use in Wales. From 2016/17, a maximum of two vocational (non-GCSE) qualifications will count towards all threshold measures, depending on size of the qualification (ie no more than 40% of the threshold).
- (d) Achieved the Level 2 threshold including a GCSE A*-C in English or Welsh first language and mathematics. From 2016/17 onwards, literature qualifications no longer count towards the language element of this measure.
- (e) Due to the changes in footnotes (c) and (d), figures for year 11 pupils in 2016/17 are **not** comparable to previous years.
- (f) Pupils aged 17 at the start of the academic year; this includes all qualifications approved for use in Wales.
- (g) Total revenue expenditure on education, excluding that funded by sales, fees and charges, but including that financed by specific government grants. All figures include an estimated share of strategic management costs and any unallocated support service costs. Financial year basis.
- (h) Gross capital expenditure on education, including that funded by regeneration schemes. Financial year basis.
- (i) Student figures are rounded to the nearest 5. Expenditure figures are for academic years.
- (j) The decreases in the numbers of Further Education institutions are due to mergers of institutions.
- (k) Figures include relevant expenditure for YMCA.
- (l) Enrolments using the all year population of students at FE Institutions, Work-Based Learning or Community Learning providers.
- (m) Community learning includes both enrolments at local authority learning providers and enrolments at FE institutions for which the learners are taught by local authority staff.
- (n) Figure does not include the Open University.
- (o) Includes students undertaking a PGCE or other degree leading to Qualified Teacher Status. Excludes those on the Graduate Teacher Programme.
- (p) Adult working age is defined as 18-64 for both males and females (age at start of academic year).
- (q) Welsh medium, bilingual, transitional and dual stream schools as defined in [Defining schools according to Welsh medium provision](#).
