Filtering and subsampling

Not all questions are asked of all respondents. Some questions only apply to some respondents (e.g. questions for parents with children at school); others are asked of a random subsample of respondents because the results aren't needed at local authority level.

This means that robust results will be available at local authority level only for some questions; for other questions, robust results will only be available at regional or national level.

- Some topics are asked of all respondents they apply to (up to 14,500 respondents each year, or around 660 per LA). This provides robust results down to LA level for topics that apply to everyone. For topics that do not apply to everyone (e.g. childcare), this approach provides the most robust results possible given the size of the survey.
- Some topics are asked of a random subsample of 750 respondents per region (North / Mid / South East / South West Wales), around 3,000 respondents in total. This provides robust results down to regional level.
- Other topics are asked of a random subsample of around 650 respondents in each of the 7 Local Health Boards (4,500 people in total). This provides robust results down to LHB level.
- Some topics are asked of a random subsample of around 2,000 respondents (i.e. around 100 per LA). This will provide robust results at national level only.

Subsampling is included in the questionnaire routing at the start of each subsampled topic, marked with a green background, e.g.:

SUBSAMPLED TOPIC: ASK IF `ss_gp = 1`

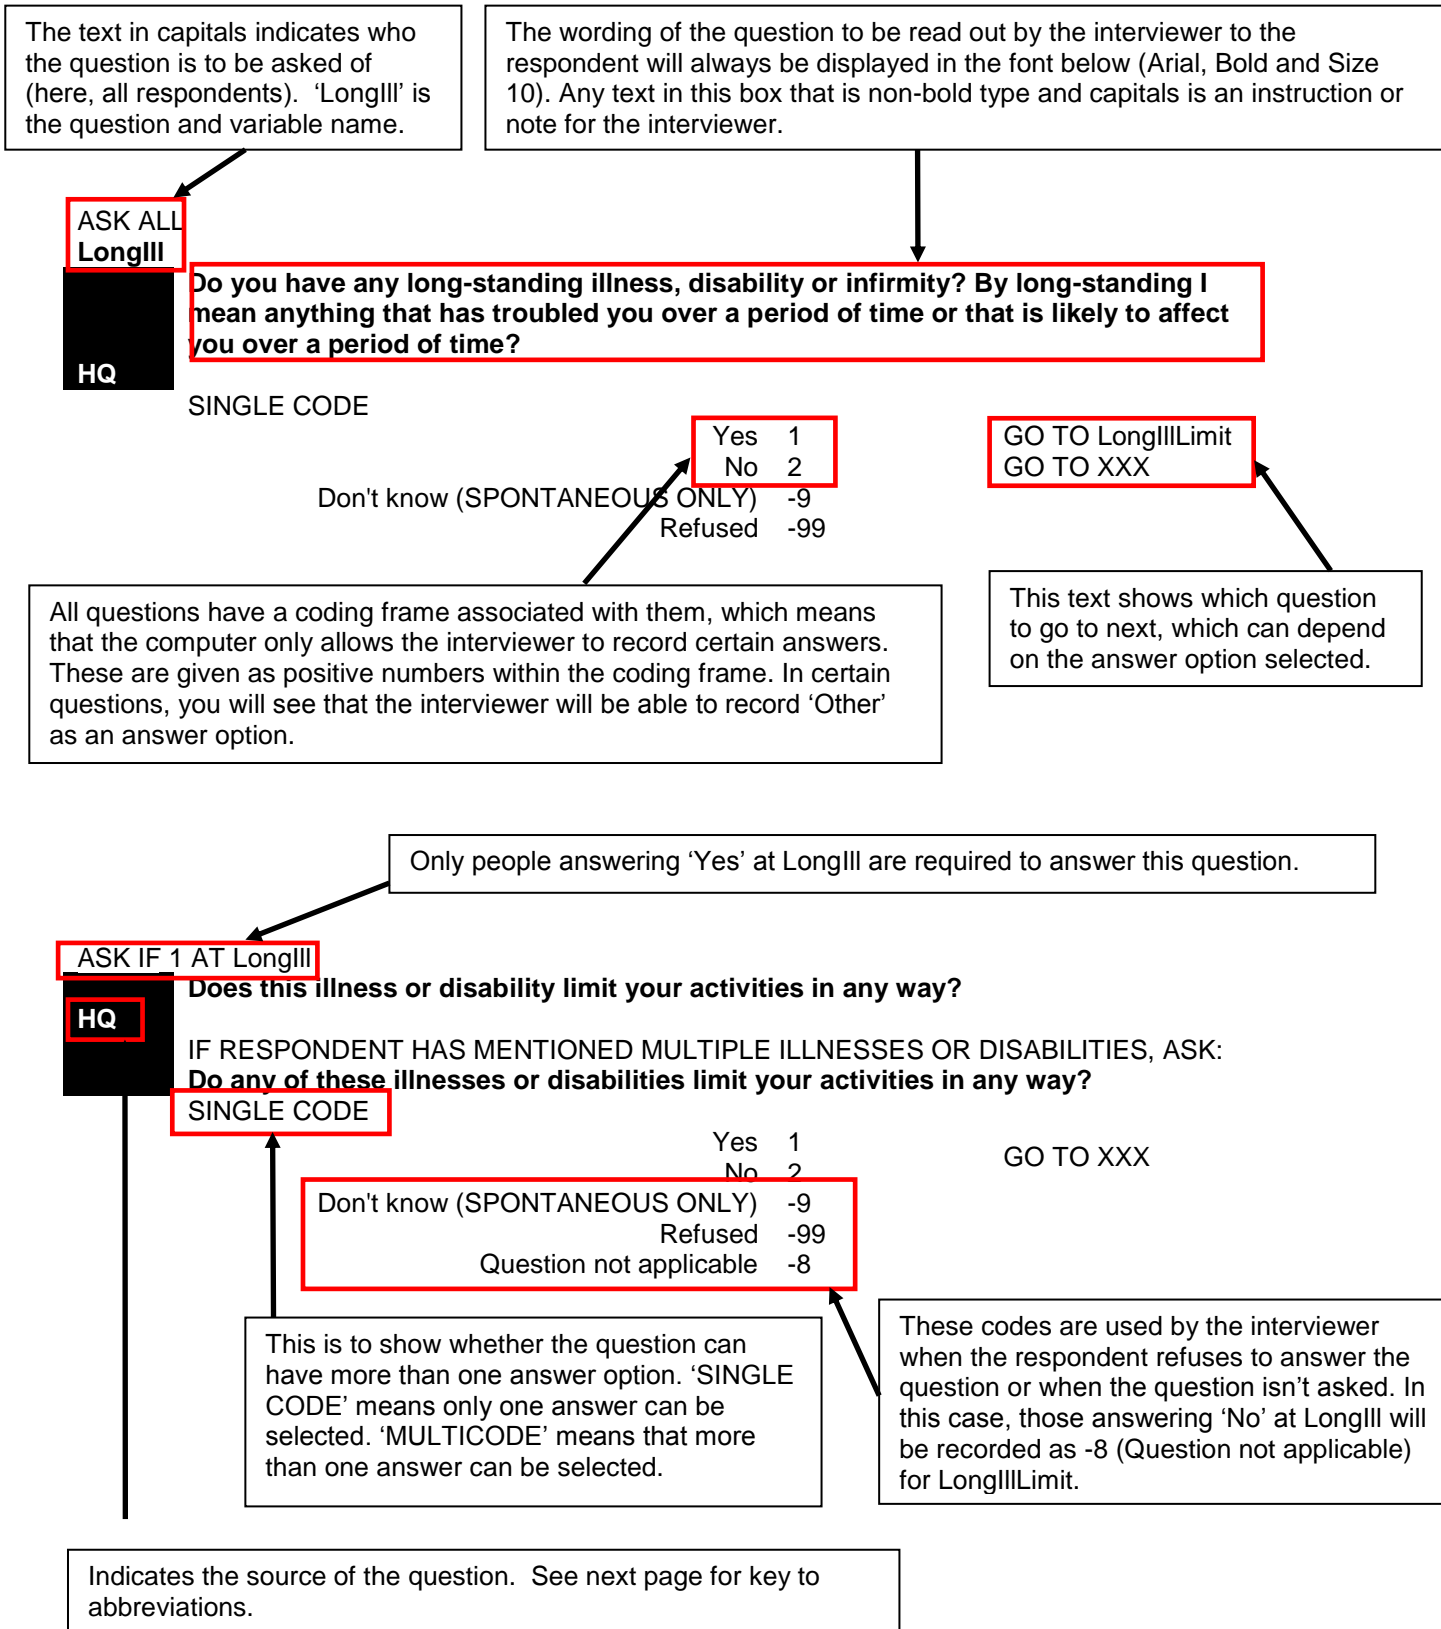

Where this routing appears, it applies to the rest of the questions in that module unless otherwise indicated.

More details on which topics are subsampled is given in Annex A.

Guide to question format

All questions in the survey questionnaire follow a similar format. Below is a guide to interpreting the format.

- [YOU] IF RELRESP2 DOES NOT = 1, 2, OR 3
- [YOU AND YOUR PARTNER] IF RESPRESP2 = 1, 2, OR 3 ***

The next questions are asked about all the children [you / you and your partner] are responsible for in this household. Please think about [names of children] when answering these questions.

INTERVIEWER INSTRUCTION: Respondents are asked to think of all of their dependent children when answering these questions. Cases may arise, however, where one child 'has' and one cannot afford or one 'doesn't need' and one cannot afford. In these cases priority coding is necessary. The priority will ALWAYS be cannot afford. Therefore, the priority order is:

1. cannot afford,
2. doesn't need,
3. (all) have.

If respondent's answer doesn't allow you to distinguish between code 2 and 3, ask "Which answer from the card best applies to you?"

For each of the following please tell me the number from the showcard that best explains whether your (child has/children have) it or not.

*** SCRIPTING NOTE: TEXT FILL "[DOES YOUR CHILD / DO YOUR CHILDREN]" SHOULD BE DRIVEN BY THE NUMBER OF DEPENDENT CHILDREN IN THE HOUSEHOLD. NUMBER OF DEPENDENT CHILDREN IS GIVEN AS (NUMBER CODED 4/5/6 AT RELRESP2 AND AGED UNDER 16) + (NUMBER CODED 4/5/6 AT RELRESP2 AND 1 AT HH16_19FTED). ***

Annex A Subsampled topics

As noted at the start of the questionnaire, not all questions are asked of all respondents. Some questions only apply to some respondents (e.g. questions for parents with children at school); others are asked of a random subsample of respondents because the results aren't needed at local authority level.

The arrangements for subsampling topics are set out below.

Topics asked of everyone eligible to answer	Regional / LHB level subsample	National level subsample
Accommodation* Welsh language Arts / museums / heritage* Active travel – children Parental help with learning* Childcare* Play* Personal care plan* Ambulance services* LA services and custodianship of area* Democracy and understanding* Wellbeing Demographics (country of birth, national identity, ethnicity, sexual orientation, religion, employment status, general health, limiting long-term illness, gender, qualifications, marital status, tenure) Armed forces* Household material deprivation* Financial inclusion Child material deprivation* Fuel poverty* Internet questions (most)* e-Safety*	<u>Regional level</u> Companion animals** Recycling* Satisfaction with education in Wales** Entrepreneurship* Media consumption* Some internet questions (IntDev, IntPPlace, IntSocTyp, WLnews, IntGovUse)* <u>LHB level</u> Local NHS services GP services Hospitals Eye care* Satisfaction with health system	Community cohesion* View of social care services in local area* Use of health / social care services in Welsh* Future generations* Welsh Government Active travel
