

# CASES

### New cases by reported day and new cases by test date

### Number of cumulative cases reported

Note: Reporting times for tests and cases changed on 9th/10th April so values of 8th April do not reflect 24 hours of activity on this date.

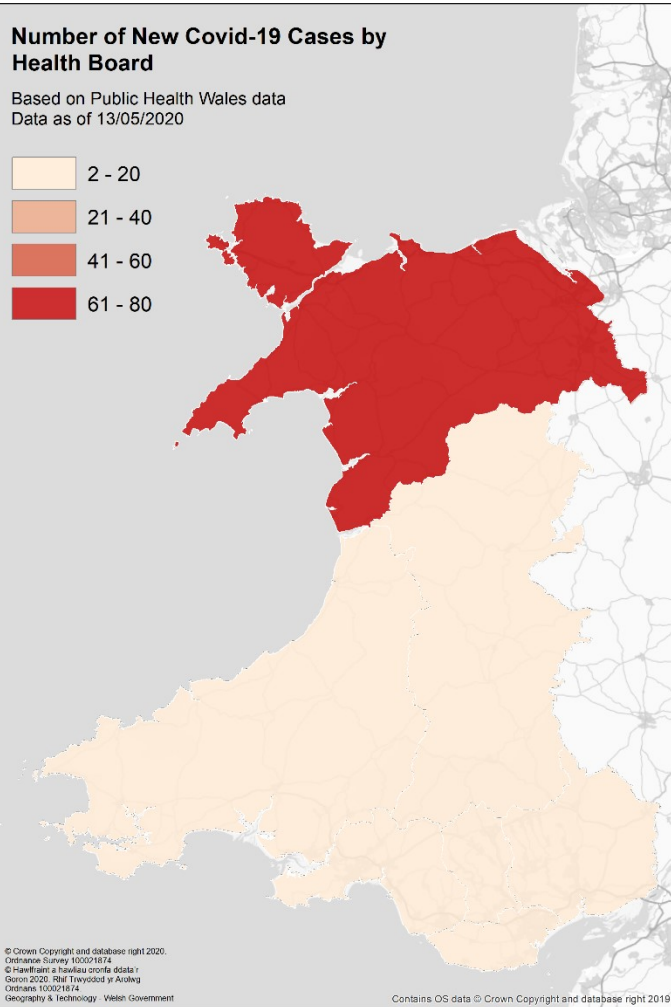

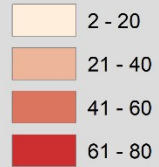

New cases by test date is based on the day the sample was taken for testing. As test results take time to come back, sometimes three days, the last three days of new cases by test date have been excluded.

# 111 AND NHS DIRECT CALLS

Calls answered or abandoned after 60 seconds

Note: Figures represent total calls answered or calls abandoned after 60 seconds to 111 and NHS Direct. This data also differs from the Public Health Wales Dashboard. The PHW dashboard only includes calls logged into their system for certain protocol and does not include all callers who wished to speak to an operator.
