## **Filtering of questions**

Some questions within modules only apply to those who have answered in a particular way to an earlier survey question. This filtering information is provided in the questionnaire above each question. For example:

- ASK ALL – Question is asked of all respondents for whom the module applies.
- ASK IF 1 OR 3 AT WelSpk – Question is asked only of respondents for whom the module applies and whose answer at the question labelled WelSpk was response option 1 or 3.

## **Soft and hard checks**

A range of checks are built in to the computer implementation of the questionnaire to ensure that responses are in a sensible range (for variables like height) and are consistent with each other (for example, so that respondents can't both give an answer to a question and also say they don't know the answer). These checks are either 'soft' checks, so the interviewer gets an error message but can choose to suppress it and continue; or 'hard' checks, so the response must be corrected before the interview continues. A full list of the soft and hard checks used is available from the National Survey team ([surveys@gov.wales](mailto:surveys@gov.wales)) on request.

## Guide to question format

All questions in the survey questionnaire follow a similar format. Below is a guide to interpreting the format.

### Example of question layout

The text in capitals indicates who the question is to be asked of (here, all respondents). 'LongIII' is the question and variable name.

The wording of the question to be read out by the interviewer to the respondent will always be displayed in bold type. Text in non-bold type and capitals is an instruction for the interviewer.

Indicates the last year the question was included in the National Survey, if at all, as well as the original source of the question if applicable. See next page for key to acronyms.

**ASK ALL**  
**LongIII [CORE]**  
**NS 1718 / HQ**

**Do you have any physical or mental health conditions or illnesses lasting or expected to last for 12 months or more?**

**SINGLE CODE**

Yes	1	<b>GO TO Disab1-6</b>
No	2	<b>[Module ends]</b>
Don't know (SPONTANEOUS ONLY)	-9	

Indicates whether more than one answer option can be selected.

All questions have a coding frame associated with them, which means that the computer only allows the interviewer to record certain answers. These are given as positive numbers within the coding frame. In certain questions, you will see that the interviewer will be able to record 'Other' as an answer option.

"Don't know" is used when the respondent doesn't know the answer. Separate codes are also available if the respondent refuses to answer the question or when the question isn't applicable.

This 'routing' text shows which question to go to next, depending on the answer option selected. If routing text applies to subsequent codes for that question, it is not repeated at each code.

## Question sources

The question's previous inclusion in the National Survey is marked under the question / variable label. For example, NS 1920 indicates the question was last included in the National Survey in 2019-20. NS NEW indicates the question is included in the National Survey for the first time in 2020-21. Where no other source is marked, this indicates a new question has been developed specifically for the National Survey.

Questions are taken from existing surveys where possible. Where relevant, the source is also marked under the question / variable label and the year of the source survey is given (e.g. NS 1617 refers to the National Survey in 2016-17). Where the question or answer options differ from the original source, the question source is marked with an "a" (adapted).

**Last year you took part in the National Survey, and you kindly agreed to be re-contacted for further research.**

**As you might expect, we're currently unable to do a face-to-face survey. So as a one-off we're doing a short telephone interview instead with people who took part before. The results will be**

used by the Welsh Government, NHS Wales, and other public bodies to help deal with the effects of the coronavirus situation.

The survey will take about 20 minutes. To say thank you for taking part, we'll give you a £10 voucher.
