**Technical Guidance**

1. For all parts of the table, exclude:

- Arrears on garages.
- Arrears for court costs or rechargeable repairs.

2. Breakdown by length of time

The arrears amount for each account at the end of the year is divided by the weekly gross rent for that account to give the number of weeks in arrears.

$$\text{Number of weeks} = \frac{\text{Amount of arrears}}{\text{Weekly gross rent}}$$

If the result is:

- Under 13 - use 'Under 13 weeks'
- Exactly 13 or over - use '13 or more weeks'.

This calculation can be carried out either including or excluding service charges e.g. heating. However, you must be consistent in including or excluding service charges from both the numerator and denominator.

Those landlords with rent free weeks during the year should also use the weekly gross rent.

Exclude arrears from former tenants as at 31 March.

Please note, only Housing Benefit payments received up until the end of April, which relate to periods of entitlement during the previous financial year, should be included as rent collected.

### Technical Guidance

Guidance for completing the form

#### Navigation

You will be able to move from sheet to sheet by clicking the appropriate hyperlink.

For example to return to the home page click the "< < Home" hyperlink

#### Required data items

On receiving the spreadsheet the cells requiring data items will have the following properties.

All cells requiring data will be coloured pale blue.

Some cells derive values from other data items. These cells are coloured in grey. You will not be able to enter data into these cells.

Some cells do not need to be completed as they are not applicable. These cells are coloured in dark grey. You will not be able to enter data into these cells.

#### Comments

A white space has been provided adjacent to each table for comments. If any data items are missing then a comment must be added to the spreadsheet.

#### Validation 1

Validation 1 involves checking for common sense errors. These errors must be resolved before the spreadsheet is submitted via AFON.

Data items that pass validation will be coloured green.

Data items where no data is entered or which break a validation rule will be coloured red. These items require a zero to be entered if the return is nil, or a comment must be made.

#### Validation 2

Validation 2 involves comparing information submitted for the previous year. Validation will flag data items that have changed.

Data items that pass validation will be coloured green.

Data items which have changed require an explanation for the change. Explanations must include reasons for the change and not simply indicate that a change has occurred or confirm the change.

Data items where an explanation has been provided will be coloured amber.

**The Welsh Government are monitoring the burden of completing the data collection forms. This helps us when planning future changes to data collection forms. We would be grateful if you could assist us by completing the table below.**

Please enter the time it has taken you (and any colleagues) to prepare and send the return. A number of staff employed in different roles may have been involved. You are asked to count the hours spent by staff in each full time equivalent annual salary band indicated below. You will need to round staff salaries to the nearest £1,000. Please record your time to the nearest hour.

Please enter the number of hours taken to complete this form by grade of each staff member:

- Retrieval and saving the empty form;
- Collection, collation, analysis and aggregation of records and figures required;
- Filling in, checking, amending, reviewing and, when completed, approving the form; and
- Sending the form back via AFON.
